PROPOSAL 2: Appointment of Auditors

The Company proposes that KPMG LLP, Chartered Accountants of Vancouver, British Columbia, be appointed as Auditors of the Company for the year ending December 31, 2010 and that the Audit Committee be authorized to fix their remuneration. KPMG LLP has been the Auditors of the Company and its predecessors since 1974. The Audit Committee is satisfied that KPMG LLP meets the relevant independence requirements and is free from conflicts of interest that could impair their objectivity in conducting the Company's audit. The resolution appointing auditors must be passed by a majority of the votes cast by the shareholders who vote in respect of that resolution.

In addition to retaining KPMG LLP to audit the consolidated financial statements of the Company and its subsidiaries for the year ended December 31, 2009, the Company retained KPMG LLP to provide various non-audit services in 2009. The Audit Committee is required to pre-approve all non-audit related services performed by KPMG LLP. The aggregate fees billed for professional services by KPMG LLP and its affiliates around the world during fiscal 2009 and 2008 were as follows:

	Fiscal 2009	Fiscal 2008
Audit Fees	\$ 1,254,600	\$ 1,190,400
Audit-Related Fees	37,300	4,000
Tax Fees	494,200	527,700
All Other Fees		
Total Fees	\$ 1,768,100	\$ 1,722,100

The nature of each category of fees is as follows:

Audit Fees:

Audit fees were paid for professional services rendered by the auditors for the audit and interim reviews of the Company's consolidated financial statements or services provided in connection with statutory and regulatory filings or engagements.

Audit-Related Fees:

Audit-related fees were paid for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under the Audit Fees item above.

Tax Fees:

Tax fees were paid for tax compliance, tax advice and tax planning professional services. These services consisted of: tax compliance including the review of tax returns; assistance with questions regarding tax audits; assistance in completing routine tax schedules and calculations; and tax planning and advisory services relating to common forms of domestic and international taxation (i.e., income tax, capital tax, Goods and Services Tax and Value Added Tax). The Audit Committee is responsible for the appointment, compensation and oversight of the work of the Company's independent auditor and is required to pre-approve all non-audit related services performed by KPMG LLP. Accordingly, the Audit Committee has adopted a pre-approval policy. The policy outlines the procedures and the conditions pursuant to which permissible services proposed to be performed by KPMG LLP are pre-approved, provides a general pre-approval for certain permissible services and outlines a list of prohibited services.

PROPOSAL 2: Reconfirmation of the Shareholder Rights Plan

Effective February 22, 2007, the Board of Directors of the Company adopted a shareholder rights plan agreement, with Computershare Investor Services Inc. as rights agent (the Rights Plan). The adoption of the Rights Plan was approved by the Company's shareholders at the Annual and Special Meeting of the Company in 2007. In accordance with Canadian securities law, the Rights Plan must be reconfirmed by the Company's shareholders at every third annual meeting of shareholders of the Company.

The Rights Plan has the following main objectives:

- to provide the Board time to consider value-enhancing alternatives to a take-over bid and to allow competing bids to emerge;

- to ensure that shareholders of the Company are provided equal treatment under a take-over bid; and

- to give adequate time for shareholders to properly assess a take-over bid without undue pressure.

At the Meeting, shareholders will be asked to consider, and if thought fit, to pass an ordinary resolution to approve the reconfirmation of the Rights Plan, a copy of which is available upon request from the Corporate Secretary of the Company, or from the Company's public disclosure documents found on SEDAR at www.sedar.com or on the U.S. Securities and Exchange Commission (SEC) EDGAR database at www.sec.gov.

The Board has considered the terms of a number of recently adopted or amended shareholder rights plans and the experience of other Canadian public companies in the context of an actual take-over bid where a shareholder rights agreement was in place, and has determined that it is in the best interests of the Company to reconfirm the Rights Plan. The Rights Plan is designed to maximize shareholder value and protect shareholders' interests in the event of an acquisition that may result in a change of control. The Rights Plan is not intended to prevent take-over bids that treat shareholders fairly, and the Rights Plan has not been adopted in response to any proposal to acquire control of the Company.

Summary of the Principal Terms of the Rights Plan

The following is a summary of key terms of the Rights Plan. **This summary is qualified in its entirety by reference to the full text of the Rights Plan, which is available upon request from the Corporate Secretary of the Company as indicated above or from the Company's public disclosure documents found on SEDAR at www.sedar.com or on the SEC's EDGAR database at www.sec.gov. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Rights Plan.**

Issue of Rights

On February 22, 2007, the Company issued one right (a Right) in respect of each Common Share outstanding at the close of business on that date (the Record Time). The Company will issue Rights in respect of each Common Share issued after the Record Time but prior to the earliest of the Separation Time (as defined below) and the redemption of the Rights pursuant to the Rights Plan or termination of the Rights Plan as described below.

Rights Certificates, Trading and Transferability

Before the Separation Time, the Rights will be evidenced by the certificates representing Common Shares and will not be transferable separate from the Common Shares. Accordingly, the surrender for transfer of any certificate representing Common Shares will also constitute the surrender for transfer of the Rights associated with such Common Shares. From and after the Separation Time, the Rights will be evidenced by separate Rights certificates.

Acquiring Person

An Acquiring Person is a person that Beneficially Owns 20% or more of the outstanding Common Shares. An Acquiring Person does not, however, include the Company or any Subsidiary of the Company, or any person that becomes the Beneficial Owner of 20% or more of the Common Shares as a result of certain exempt transactions. These exempt transactions include where any person becomes the Beneficial Owner of 20% or more of the Common Shares as a result of, among other things: (i) specified acquisitions of securities of the Company, (ii) acquisitions pursuant to a Permitted Bid or Competing Permitted Bid (as described below), (iii) specified distributions of securities of the Company, and (iv) certain other specified exempt acquisitions. An Acquiring Person also does not include any Person that owned 20% or more of the outstanding Common Shares at the Record Time unless that person increases its percentage interest in the Common Shares other than pursuant to one of the previously mentioned transactions.

Separation Time

Rights are not exercisable before the Separation Time. Separation Time means the close of business on the tenth trading day after the earliest of:

- (a) the first date of public announcement that a person has become an Acquiring Person, as defined below (the Stock Acquisition Date);
- (b) the date of the commencement of, or first public announcement of, the intent of any person (other than the Company or any of its subsidiaries) to commence a Take-over Bid, as defined in the Rights Plan (other than a Permitted Bid or a Competing Permitted Bid, as defined below), which is generally an offer for outstanding Common Shares that could result in the offeror becoming the beneficial owner of 20% or more of the Company's outstanding Common Shares; and
- (c) the date on which a Permitted Bid or Competing Permitted Bid ceases to be such; or such later time as may be determined by the Board, in good faith, provided that if any bid referred to above expires or is cancelled, terminated or otherwise withdrawn prior to the Separation Time, such offer shall be deemed never to have been made.

Exercising Rights at such time until the tenth trading day after the first public announcement of the occurrence of a Flip-in Event will entitle the holder to purchase one Common Share at the exercise price (the Exercise Price), which shall equal three times the market price per Common Share determined at the Separation Time, subject to subsequent adjustment in accordance with the Rights Plan.

Exercise of Rights

After the close of business on the tenth trading day after the first public announcement of the occurrence of a Flip-in Event, which is a transaction or event pursuant to which any person becomes an Acquiring Person, each Right will entitle the holder thereof to receive upon exercise of the Right that number of Common Shares equal to twice the Exercise Price. However, any Rights beneficially held by an Acquiring Person, including its affiliates, associates and joint actors, or the transferee of any such person, will become null and void. Accordingly, such persons will be unable to transfer or exercise any Rights.

Until a Right is exercised, the holder of the Right will have no rights as a Company shareholder solely with respect to that Right.

In lieu of the issuance of fractional shares upon the issuance of any Rights, the Company will make cash payments based on the market price of such shares in amounts exceeding U.S.\$10.00.

Acquisitions that require shareholder approval or for which the Board has waived application of the Rights Plan as described below, or acquisitions pursuant to a Permitted Bid or a Competing Permitted Bid are among the transactions that do not constitute Flip-in Events.

Permitted Bids

Under the Rights Plan, those bids that meet certain requirements intended to protect the interests of all shareholders are deemed to be Permitted Bids. Permitted Bids are offers to acquire Common Shares made by way of a take-over circular and where the Common Shares subject to the offer (together with shares owned by the offeror and its affiliates, associates and joint actors) constitute 20% or more of the outstanding Common Shares, and which also comply with the following conditions:

- (a) the bid is made to all registered holders of Common Shares (other than Common Shares owned by the offeror);
- (b) the bid provides that no Common Shares will be taken up or paid for pursuant to the bid before the close of business on the date that is not less than 60 days following the date the take-over bid circular is sent to holders of Common Shares, and that no Common Shares will be taken up or paid for unless at such date more than 50% of the outstanding Common Shares held by shareholders other than the offeror and certain related parties have been deposited pursuant to the bid and not withdrawn;
- (c) the bid provides that any Common Shares may be deposited to and withdrawn from the take-over bid at any time before such Common Shares are taken up and paid for; and
- (d) the bid provides that, in the event that more than 50% of the outstanding Common Shares are deposited and not withdrawn as described in clause (b) above, the offeror will make a public announcement of that fact and the bid shall remain open for an additional ten business days from the date of such announcement for the deposit and tender of additional Common Shares.

A Competing Permitted Bid is a take-over bid that is made after a Permitted Bid or other Competing Permitted Bid has been made and prior to the expiration of such prior bid, and that satisfies the definition of Permitted Bid except that Common Shares under such bid may not be taken up or paid for until a date that is no earlier than the later of:

- (i) the earliest date that Common Shares may be taken up and paid for under any prior Permitted Bid or other Competing Permitted Bid outstanding on the date of commencement of such bid; and
- (ii) 35 days after the commencement of the Competing Permitted Bid.

Protection Against Dilution

The Rights Plan contains detailed provisions regarding adjustments to the exercise price, the number and nature of the securities that may be purchased upon exercise of Rights and the number of Rights outstanding to prevent dilution in the event of certain declarations of dividends, subdivisions or consolidations of outstanding Common Shares, issuances of Common Shares (or other securities or rights) in respect of or in lieu of or in exchange for existing Common Shares or other changes in the Common Shares.

Redemption

At any time prior to the occurrence of a Flip-in Event, the Board may (subject to the prior consent of shareholders by a majority vote), at its option, elect to redeem all but not less than all of the then-outstanding Rights at a redemption price of \$0.000001 per Right, subject to adjustment.

Waiver

The Board, acting in good faith, may waive application of the Rights Plan to any prospective Flip-In Event which would occur by reason of a take-over bid made by a take-over bid circular to all registered holders of Common Shares. However, if the Board waives the Rights Plan for a particular bid, it will be deemed to have waived the Rights Plan for any other take-over bid made by take-over bid circular to all registered holders of Common Shares before the expiry of the first bid. The Board may also waive the application of the Rights Plan for any Flip-In Event if it has determined that the Acquiring Person became an Acquiring Person through inadvertence, conditional upon such person reducing its beneficial ownership below 20% of the Company's outstanding Common Shares, generally within 14 days of the Board making such determination.

Amendments

Except for minor amendments to correct any clerical or typographical errors and amendments to maintain the validity of the Rights Plan as a result of a change of law or regulatory requirements, majority shareholder approval is required for amendments to the Rights Plan before the Separation Time, after which the approval of holders of Rights is required.

Term

If the Rights Plan is not reconfirmed at the Meeting, it will automatically terminate and the Rights issued under it will become void. If the Rights Plan is reconfirmed at the Meeting, it will expire at the termination of the Company's annual meeting in 2013 unless extended upon reconfirmation as described below. For the term of the Rights Plan to be extended, the Rights Plan must be reconfirmed by a resolution passed by a majority of the votes cast by all holders of Common Shares who vote in respect of such reconfirmation at every third annual meeting of shareholders of the Company.

Canadian Federal Income Tax Consequences

*The following discussion generally summarizes certain Canadian federal income tax consequences of the issuance of Rights. This discussion is not intended to be, nor should it be construed to be, legal or tax advice. This summary is not exhaustive of all possible Canadian federal income tax consequences and does not anticipate any changes in law, whether by legislative, governmental or judicial action, nor does it take into account provincial, territorial or foreign income tax legislation or considerations. **This summary is of a general nature only and holders of Common Shares should consult their own tax advisors with respect to their particular circumstances.***

The Company has not received any income for Canadian federal income tax purposes as a result of the issuance of the Rights. Generally, the value of a right, if any, to acquire additional shares of a company is not a taxable benefit to a common shareholder of the Company under the *Income Tax Act* (Canada) (the Act) and is not subject to non-resident withholding tax under the Act if identical rights are conferred on all owners of Common Shares at that time. While the Rights are conferred on all owners of Common Shares, the Rights may become void in the hands of certain shareholders upon the occurrence of certain triggering events. Whether the issuance of the Rights to shareholders of the Company will be deemed to be a taxable benefit which is required to be included in computing their income or subject to non-resident withholding tax is not therefore free of doubt, but only the amount or value of such benefit must be included in computing income. The Company considers the Rights to have had no monetary value at their date of issue. Where Rights are disposed of (other than on the exercise thereof), either separately or by virtue of the disposition of the Common Shares to which they are attached, holders thereof may be subject to tax in respect of the

proceeds, if any, allocable to such Rights.

The foregoing does not address the Canadian income tax consequences of other events such as the separation of the Rights from the Common Shares, the occurrence of a Flip-in Event or the redemption of Rights. Shareholders are encouraged to consult their own tax advisors if they have questions with respect to such tax consequences and their personal circumstances.

United States Federal Income Tax Consequences

*The following discussion generally summarizes certain United States federal income tax consequences of the issuance of Rights. This discussion is not intended to be, nor should it be construed to be, legal or tax advice. This summary is not exhaustive of all possible United States federal income tax consequences and does not anticipate any changes in law, whether by legislative, governmental or judicial action, nor does it take into account any state, local or foreign income tax considerations. **This summary is of a general nature only and holders of Common Shares should consult their own tax advisors with respect to their particular circumstances.***

Because the possibility of the Rights becoming exercisable is both remote and speculative, the adoption of the Rights Plan will not give rise to the realization of gross income by any holder of Common Shares for United States federal income tax purposes. Where Rights are disposed of (other than on the exercise thereof), either separately or by virtue of the disposition of the Common Shares to which they are attached, holders thereof may be subject to tax in respect of the proceeds, if any, allocable to such Rights.

The foregoing does not address the United States federal income tax consequences of other events, such as the separation of the Rights from the Common Shares, the occurrence of a Flip-in Event or the redemption of Rights. Shareholders may recognize gross income for United States federal income tax purposes in connection with these events. Shareholders are encouraged to consult their own tax advisors if they have questions with respect to such tax consequences and their personal circumstances.

Voting of Proxies and Recommendation of Board

It is intended that all proxies received by the Company will be voted in favour of the reconfirmation of the Rights Plan, unless a proxy contains express instructions to vote against the Rights Plan. The Rights Plan will continue in effect only if it is approved by greater than 50% of the votes cast by shareholders present in person or by proxy at the Meeting. The text of the resolution approving the Rights Plan is set forth in Schedule B hereto. If the Rights Plan is not reconfirmed by shareholders at the Meeting it will terminate and the Rights issued under it will be void.

The Board of Directors of the Company recommends that shareholders vote in favour of the resolution approving reconfirmation of the Rights Plan.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

None of the directors or senior officers of the Company, none of the persons who have been directors or senior officers of the Company and no associate or affiliate of any of the foregoing has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter scheduled to be acted upon at the Meeting other than as disclosed elsewhere in this Information Circular.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set out herein, to the Company's knowledge, no informed person (as defined under Multilateral Instrument 51-102) of the Company, any proposed director of the Company or any associate or affiliate of such persons, has had or has any material interest, direct or indirect, in any transaction since January 1, 2009 or in any proposed transaction which, in either case, has materially affected or is expected to materially affect the Company or any of its subsidiaries.

STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Composition of the Compensation Committee

The Compensation Committee of the Company currently consists of Messrs. Pitoniak, Zimmerman and Micali. The Board has determined that all three members of the Compensation Committee are independent directors (as defined under applicable securities legislation).

Compensation Discussion and Analysis

The Company's policy with respect to the compensation of the Chief Executive Officer, the Chief Financial Officer and the Company's three most highly compensated executive officers other than the Chief Executive Officer and the Chief Financial Officer (such officers are hereafter collectively called the "Named Executive Officers") is based upon the principles that total compensation must: (1) be competitive in order to help attract and retain the talent needed to lead and grow the Company's business; (2) provide a strong incentive for executives and key employees to work towards the achievement of the Company's goals, including long-term earnings growth and return on invested capital goals; and (3) ensure that the interests of management and the Company's shareholders are aligned and that the compensation packages are fair to senior management, employees, the shareholders and other stakeholders.

The Company's strategy is to pay for performance, with the aim of paying total cash compensation at or above the median (50th percentile) for comparable companies, with top performers achieving total direct compensation above the 75th percentile when the Company over achieves its earnings targets. In addition, the Company believes in pay at risk for the Chief Executive Officer and the other Named Executive Officers, as well as all senior management of the Company. As any employee's responsibility increases, so does the amount of pay at risk, which the Company believes is important for aligning executive compensation with shareholder interests. As employees move to higher levels of responsibility with more direct influence over the Company's strategy and performance, their base salary as a percentage of total direct compensation decreases and they have a higher percentage of pay at risk.

In 2008, the Compensation Committee retained the services of Mercer Canada Ltd. ("Mercer") to conduct a formal review of the Company's executive compensation arrangements. The first step in the review was to define the group of comparable companies against which the Company's compensation practices would be compared and evaluated. The Company has no direct peers in the industrial auction sector, so this step involved defining and developing the methodology for identifying comparable companies. Together with Mercer, the Committee cited net income and market capitalization as the key financial metrics that would define the comparable group of companies. Net income and market capitalization were chosen because they are the primary financial value produced for the Company's shareholders, and because, in the Committee's and Mercer's view, neither of the Company's key revenue-related metrics would yield meaningful comparisons. Gross auction proceeds would potentially overstate the Company's financial scale, while the Company's auction revenues would potentially understate the complexity and scale of the Company's value creation process and its profitability. Using net income and market capitalization as the key financial metrics, Mercer developed a group of 315 comparable companies, located in both the United States and Canada and across diverse industries.

Mercer concluded that the structure and philosophy of the Company's compensation programs were in line with the identified comparable companies, as to the relative balance of base salary, and short-term and long-term incentive compensation. In general, Mercer found that most Named Executive Officers were receiving total cash compensation in line with market medians for comparable companies, with only the Company's Chief Executive Officer notably below the median. The Compensation Committee and Board of Directors of the Company have since increased the Chief Executive Officer's compensation to reduce this unintended gap.

Apart from Mercer's findings, the Committee in making its determination on executive compensation also took into consideration other factors and information, including, but not limited to, various individual and overall corporate performance reviews and other relevant indicators. The Company paid total fees of U.S.\$28,611 to Mercer in 2008 to complete this engagement. The Company also paid fees of U.S.\$28,142 to Mercer in 2008 to complete a formal review of the Company's compensation program for directors. Apart from the above, the Company did not engage Mercer for any other services in 2008 or 2009.

The total cash compensation paid to each of the Chief Executive Officer and the other Named Executive Officers of the Company consists primarily of base salary and an incentive bonus tied to the Company's financial performance, together with amounts earned in accordance with the Company's executive long term incentive plan (the "ELTIP"). All Named Executive Officers also receive annual stock option grants in accordance with the Company's stock option plan (see "Option-based awards" "Stock Option Plan" below). The imputed fair value of options granted using the Black-Scholes option pricing model is considered in the determination of total direct compensation, as is the value of benefits and any other perquisites received by a particular individual. The Company believes that the mix of base salary, performance-based bonus and participation in the ELTIP and stock option plan creates a balanced approach to executive compensation consistent with the compensation principles of the Company stated above.

The CEO's total direct compensation was comprised of the following components in 2009, which are described in more detail in the discussion below:

Component of CEO's Direct Compensation	Amount (U.S.\$)	Percentage	Metric
Base salary	\$ 486,000	33%	Set by Committee.
Short term incentive bonus award			Formula driven based on Company earnings performance compared to Board approved target (see below).
Executive long-term incentive plan award	320,000	21%	Maximum award (see below).
Stock options - fair value (earned in 2009; granted in 2010)	125,000	8%	100% of January 1, 2010 base salary (see below).
	570,000	38%	
Total direct compensation	\$ 1,501,000		82% of the 50 th percentile for comparable companies.

Apart from considering the salary levels of comparable executives with similar responsibilities and experience at comparable companies, in determining the base salary and other compensation received by the Chief Executive Officer, the Compensation Committee took into consideration the individual performance of the Chief Executive Officer and the Company's overall performance for the year, and completed a detailed assessment of these factors for presentation to the Board. These considerations included the Company's pre-tax earnings performance for the year measured against the earnings target set out below, the return on invested capital performance for the year, and the Chief Executive Officer's achievement of strategic objectives as outlined in the Company's strategic plan, as well as the achievement of various individual performance objectives. The Chair of the Compensation Committee also interviewed all officers of the Company who directly report to the Chief Executive Officer to provide a full 360-degree view of his performance.

Base salary levels for the Named Executive Officers other than the Chief Executive Officer have been determined primarily on the basis of (i) the Compensation Committee's review of the Chief Executive Officer's assessment of each Named Executive Officer's individual performance; (ii) the scope of each executive's job responsibilities; and (iii) the Compensation Committee's understanding of normal and appropriate salary levels for executives with responsibilities and experience comparable to those of the Named Executive Officers of the Company. In making such determination, external sources are consulted when deemed necessary by the Compensation Committee, including the Mercer review described above.

The aggregate executive short term incentive bonus pool amount is linked directly to a formula that provides for specified increases in the bonus pool amount as pre-tax earnings (adjusted to exclude amounts not considered part of the Company's normal operations) approach the target level established by the Compensation Committee and approved by the Board of Directors at the beginning of the year, and for accelerated increases in the bonus pool if adjusted pre-tax earnings exceed the target level. Pre-tax earnings are chosen as the metric for executive incentive bonus because pre-tax earnings directly drive shareholder value through earnings per share and are an element over which executives of the Company can have the most direct influence by their performance. The pre-tax earnings target for purposes of the 2009 incentive bonus calculation was \$132.3 million. At that level, the bonus pool available to the participants in the executive incentive bonus program (being vice-presidents and above) would have been equal to 50% of the combined base salaries of Vice Presidents and 60% of the combined base salaries of Senior Vice Presidents and above. The amount of such bonuses is not subject to any minimum amount but is subject to a maximum of 200% of the combined base salaries of the participants. The Company achieved adjusted pre-tax earnings of \$134.4 million for 2009, or 101% of the earnings target, resulting in approximately 61% of the combined salaries of the participants being paid into the executive incentive bonus pool. The maximum incentive bonus pool would have been earned in 2009 if the Company had achieved 125% of its earnings target for the year.

The actual allocation of incentive bonus amounts to participants in the executive bonus pool is based on a process involving peer reviews and individual performance reviews of such executives by the Chief Executive Officer. A similar formula is used to calculate a portion of the Chief Executive Officer's annual bonus award. The Compensation Committee undertook a formal evaluation process involving interviews with members of senior management and a review of performance targets and objectives of the Chief Executive Officer to determine the remainder of his bonus for 2009. This allocation approach involving peer reviews and performance reviews reflects the Company's belief that overall success of the Company is driven by individual performance together with good teamwork.

The Chief Executive Officer and other Named Executive Officers also participate in the Company's ELTIP. The fundamental purpose of the ELTIP is to facilitate senior management's direct investment in and ownership of Common Shares. ELTIP entitlement is earned by reference to the Company's pre-tax return on invested capital (ROIC) on a rolling three-year basis. Each participant's ELTIP award is based on a straight-line calculation, with entitlement starting when 70% of the ROIC target is achieved; 100% of the ELTIP entitlement will be earned when the ROIC target is fully achieved. The ROIC target approved by the Board for 2009 to 2011 (inclusive) is 20% (before tax). No entitlement will be earned if the Company's rolling three-year ROIC falls below 14%. The Company's rolling three-year average ROIC as at December 31, 2009 was 23%.

The Named Executive Officers including the Chief Executive Officer but excluding the Chief Financial Officer are entitled to a maximum cash ELTIP award of U.S.\$125,000, and this is paid by the Company when they contribute an equivalent amount to the ELTIP, to be invested by the administrator in Common Shares purchased on the New York Stock Exchange. The Chief Financial Officer is entitled to a maximum cash ELTIP award of U.S.\$100,000. Awards may be carried forward for one year should a participant choose not to contribute to the ELTIP in a particular year. Please refer to the Executive Long Term Incentive Plan section below for further information. The Company believes that participation in the Company's ELTIP, including the share ownership guidelines discussed below, and stock option plan aligns the interest of executives of the Company with those of the shareholders.

Stock options are granted under the Company's stock option plan in accordance with the Company's Policy Regarding the Granting of Equity-Based Compensation Awards and the value, calculated in accordance with the Black Scholes option pricing model, of each award is set at a specified percentage of each executive's base salary. For Named Executive Officers other than the Chief Executive Officer, President, Chief Financial Officer and Chief Operating Officer the option award amount is 60% of their respective base salaries. The Chief Executive Officer, President and Chief Operating Officer are entitled to stock option grants of at least 80% of each of their base salaries, with increases beyond this percentage at the discretion of the Compensation Committee and Board. The Chief Financial Officer is entitled to stock option grants of 30% of his base salary.

The Committee regularly reviews the relative emphasis of each of the various components of compensation for senior executives referred to above to ensure that the structure of the Company's executive compensation meets the desired results and objectives of the Company's executive compensation philosophy and provides the appropriate level of reward for past performance and incentive for future work and development.

The Compensation Committee has reviewed and discussed this discussion and analysis with the Board of Directors and management and is satisfied that it fairly and completely represents the philosophy, intent, and actions of the Compensation Committee with regards to executive compensation.

Option-based awards

Stock Option Plan

The Company has a stock option plan that provides for the award of stock options to employees, directors and officers of the Company and to other persons approved by the Compensation Committee. The Company obtained shareholder and applicable regulatory approval to amend and restate the stock option plan in April 2007 (the amended and restated plan is referred to hereunder as the stock option plan).

As of the date of this Information Circular, the maximum number of Common Shares reserved for issuance from the effective date of the amendment and restatement of the stock option plan is 10,200,000 Common Shares, of which 1,350,420 Common Shares (being approximately 1% of total issued and outstanding shares) have been issued, 2,899,387 Common Shares are reserved for issuance upon exercise of options that have been granted (approximately 3% of total issued and outstanding shares) and 5,950,193 Common Shares (approximately 6% of total issued and outstanding shares) remain available for future options to be granted.

Stock options are granted at the closing market price of the Common Shares on the NYSE as of the grant date. Under the stock option plan, the maximum number of Common Shares issued and reserved for issuance to non-executive Directors of the Company upon exercise of options must not exceed 0.3% of the issued and outstanding Common Shares. The number of Common Shares issued to Insiders under the stock option plan, when combined with the Company's other security-based compensation arrangements, within any one-year period cannot exceed 10% of the issued and outstanding Common Shares, and the number of Common Shares issuable to Insiders at any time cannot exceed 10% of the issued and outstanding Common Shares.

Options granted under the stock option plan are subject to vesting conditions imposed by the Compensation Committee as set out in the relevant option agreements. For options granted under the stock option plan before December 31, 2008, the Compensation Committee has generally provided in option agreements that options are subject to vesting one year from the grant date and are not transferable. Furthermore, for options granted before December 31, 2008, the Compensation Committee has generally provided in option agreements that the options will expire on the earlier of:

- (a) 10 years from the date of grant;
- (b) 30 days from the date on which the optionee ceases to be employed by, or provide services to, the Company;
- (c) 180 days from the date of death if the optionee's employment or eligibility ceases by reason of his or her death or if the optionee dies prior to the expiration of the 30-day period described in clause (b) above; or,
- (d) immediately upon termination if the termination of employment is with cause.

The stock option plan has provisions that take into account the Company's policy with respect to making grants only during specific trading windows and if the expiry date of an option falls during a Black Out Period, the expiry date will be extended to the fifth business day following the expiry of such period.

On February 24, 2009 the Company's Board of Directors approved certain amendments to the Company's stock option grant practices. Unless otherwise determined by the Compensation Committee, options granted after this date to the Company's Vice Presidents and above will generally vest equally over three years from the grant date. All options granted on or after this date have a term of 10 years from the date of grant subject to the following:

- (a) in the case of termination without cause (excluding voluntary termination) - immediate vesting of all unvested options and the optionee will have 90 days from the date on which the optionee ceases to be employed by the Company to exercise all options;
- (b) in the case of voluntary termination (other than retirement) - immediate cancellation of all unvested options and the optionee will have 90 days to exercise vested options;

- (c) in the case of retirement all unvested options will continue to vest after retirement in accordance with the existing vesting schedule for those particular options and all options will expire on the earlier of three years from the date of retirement and the option 10-year expiry date;
- (d) in the case of death all unvested options will vest immediately and the optionee's legal representative will have 365 days from the date of death to exercise the options if the optionee's employment or eligibility ceases by reason of his or her death or if the optionee dies prior to the expiration of the periods described in clauses (a), (b) and (c) above; or,
- (e) in the case of termination with cause all options will expire immediately upon termination.

Options granted to non-executive employees on or after February 24, 2009 will generally continue to be subject to vesting one year from the grant date and will also be subject to the new termination provisions described above. Furthermore, stock option agreements for options granted on or after February 24, 2009 generally provide that the Compensation Committee may shorten the vesting period if the Compensation Committee considers doing so would be in the best interest of the Company.

The stock option plan also provides that the Compensation Committee has the right to suspend, amend or terminate the stock option plan without approval of optionees or shareholders (provided that no such suspension, amendment or termination will materially prejudice the rights of any optionee under any previously granted option without the consent or deemed consent of such optionee), including, without limitation:

- (a) to avoid any additional tax on optionees under Section 409A of the United States Internal Revenue Code or other applicable tax legislation;
- (b) to change the eligibility for and limitations on participation in the stock option plan (other than participation by non-executive Directors in the stock option plan);
- (c) to make any addition to, deletion from or alteration of the provisions of the stock option plan that are necessary to comply with applicable law or the requirements of any regulatory authority or stock exchange;
- (d) to make any amendment of a typographical, grammatical, administrative or clerical nature, or clarification correcting or rectifying any ambiguity, defective provision, error or omission in the stock option plan; and
- (e) to change the provisions relating to the administration of the stock option plan or the manner of exercise of the options, including:
 - (i) changing or adding any form of financial assistance provided by the Company to the participants that would facilitate purchase of Common Shares under the stock option plan; and
 - (ii) adding provisions relating to a cashless exercise (which will provide for a full deduction of the underlying Common Shares from the maximum number reserved under the stock option plan for issuance).

However, the following amendments to the stock option plan can only be made with shareholder approval:

- (a) any increase in the maximum number of Common Shares that may be issued pursuant to the exercise of options granted under the stock option plan;
- (b) any reduction in exercise price or cancellation and reissue of options;
- (c) any amendment that extends the term of an option beyond the original 10 year expiry date;
- (d) any amendment to Eligible Participants that may permit the introduction or reintroduction of non-executive Directors on a discretionary basis, if at any time, the stock option plan is further amended to exclude participation by non-executive Directors;
- (e) any amendment that increases limits previously imposed on non-executive director participation;

- (f) any amendment that would permit equity based awards granted under the stock option plan to be transferable or assignable other than for normal estate settlement purposes;
- (g) any amendment to increase the maximum limit of the number of securities that may be issued to insiders of the Company within any one year period or issuable to insiders of the Company at any time under the stock option plan, or when combined with all of the Company's other security based compensation arrangements, which could exceed 10% of the total issued and outstanding Common Shares of the Company;
- (h) any addition of provisions relating to a cashless exercise (other than a surrender of options for cash) that does not provide for a full deduction of the underlying Common Shares from the maximum number reserved for issuance under the stock option plan; and
- (i) any amendment to the amending provisions of the stock option plan.

The following table sets out the number of securities authorized for issuance under the Company's stock option plan as of December 31, 2009:

	Number of Securities to be Issued upon Exercise of Outstanding Options (A)	Weighted-Average Exercise Price of Outstanding Options	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (Excluding (A))
Equity compensation plans approved by security holders' stock option plan	2,922,587 (3% of total issued and outstanding shares)	\$ 15.13	5,950,193 (6% of total issued and outstanding shares)

Equity-based Compensation Awards Grant Policy

The Company's Board of Directors has adopted a Policy Regarding the Granting of Equity-Based Compensation Awards (the "Policy"), the terms of which establish guidelines for the granting of options to purchase Common Shares to the Named Executive Officers and other employees of the Company. Under the provisions of the Policy, only the Compensation Committee of the Company's Board of Directors can authorize the granting of stock options to the Named Executive Officers and other executives of the Company.

The Policy establishes an annual date for the granting of stock options, which falls on the fifth business day following the release of the Company's results for the most recently completed fiscal year. The Policy prohibits the granting of stock options during black out periods, as defined in the Company's Policy Regarding Securities Trades by Company Personnel. The Compensation Committee has delegated to the Chief Executive Officer the authority to grant options to purchase up to 150,000 Common Shares of the Company per year to Company employees, provided no one individual is granted options to acquire more than 45,000 Common Shares and provided options are not granted to employees at the Vice-President and above level. Option grants by the Chief Executive Officer must fall within the Company's established trading windows. All stock options granted in accordance with the Policy must have an exercise price equal to the closing price of the Company's Common Shares on the New York Stock Exchange on the date of grant.

The Policy is subject to changes and amendments as deemed appropriate by the Board of Directors from time to time.

Executive Long Term Incentive Plan

The Company's ELTIP encourages senior employees and officers of the Company to use performance bonus payments to purchase and hold Common Shares through the administrator of the plan. The ELTIP does not involve any issuance of Common Shares from the Company, and the Common Shares so purchased are held in trust by the administrator on behalf of the participant.

ELTIP entitlement is earned by reference to the Company's pre-tax return on invested capital (ROIC) on a rolling three-year basis. Each participant's ELTIP award is based on a straight-line calculation, with entitlement starting when 70% of the ROIC target is achieved; 100% of the ELTIP entitlement will be earned when the ROIC target is fully achieved. The ROIC target approved by the Board for 2009 to 2011 (inclusive) is 20% (before tax). No entitlement will be earned if the Company's rolling three-year ROIC falls below 14%. The Company's rolling three-year average ROIC as at December 31, 2009 was 23%. Participants are entitled to a maximum cash ELTIP award of U.S.\$125,000 for participants who are Senior Vice Presidents and above and U.S.\$100,000 for participants who are Vice Presidents, and these award amounts are paid by the Company when the participants contribute an equivalent amount of their own funds to the ELTIP.

Funds contributed by participants to the ELTIP are used by the plan administrator to acquire Common Shares in open market purchases on the NYSE during a specific period within the first trading window of the relevant fiscal year, as provided for under the Company's Policy Regarding Securities Trades by Company Personnel. ELTIP participants agree not to withdraw any Common Shares so held by the administrator unless a certain event occurs or certain conditions are satisfied (e.g. the termination, retirement or resignation of the participant). Participants in the ELTIP are subject to share ownership guideline requirements depending on their level of seniority with the Company. Under such guidelines, participants are required to accumulate ownership of Common Shares held under the ELTIP with a minimum share value equal to a specified multiple of such person's relevant base salary. The specified multiple for senior officers who are members of the Executive Council is three times the participant's base salary; two times for participants who are Vice-Presidents (or equivalent) but not members of the Executive Council; and one times base salary for participants who are Divisional Managers (or equivalent).

The ELTIP was amended in 2009 to decouple the ELTIP from the Company's incentive bonus plan, meaning that participants in the ELTIP are allowed to contribute their own funds to the ELTIP in the event their incentive bonus is not sufficient to achieve the full Company matching amount under the ELTIP. This means that ELTIP participants will receive the maximum payment in each year that the rolling three-year ROIC target of 20% is exceeded regardless of their actual bonus. In addition, ELTIP entitlement carries forward for one year if a participant chooses not to participate in one year, they may use that entitlement the following year, together with the entitlement earned in that year. Any unused entitlement expires automatically after one year.

Commencing in 2009, 25% of the ELTIP funds are invested by the administrator in investment options other than Common Shares. The purpose of this change was to diversify the ELTIP participants' investment portfolios while still maintaining alignment of their interests with Company shareholders.

The Company has also adopted share ownership guidelines, pursuant to which participants in the ELTIP are required to hold Common Shares with a value at least equal to a certain multiple of their base salary. The multiple of the base salary that is required of participants in the ELTIP depends on the participant's seniority with the Company, and ranges from one time salary to three times salary.

The Company believes that the ELTIP, together with the Share Ownership Guidelines adopted by the Company, will facilitate the alignment of the interests of the senior employees and officers of the Company with those of the Company's shareholders by promoting ownership of Common Shares by senior employees and officers and rewarding the creation of shareholder value over the long term.

Long Term Incentive Plan for Non-Executive Directors

The Company adopted a long-term incentive plan for non-executive directors in 2009 (the Non-Executive Director LTIP). Under this plan, all non-executive directors use part of their annual retainer to purchase and hold Common Shares through the administrator of the plan. The Non-Executive Director LTIP involves open market purchases rather than issuances of Common Shares from the Company, and the Common Shares so purchased are held by the administrator on behalf of the participant.

Under the Non-Executive Director LTIP, the administrator uses such contributions to acquire Common Shares in open market purchases on the NYSE during a specific period within the first trading window of the relevant fiscal year, as provided for under the Company's Policy Regarding Securities Trades by Company Personnel. Participants also agree not to withdraw any Common Shares so held by the administrator unless a certain event occurs or certain conditions are satisfied (e.g. the termination, retirement or resignation of the participant as a director of the Company). The Company believes that the Non-Executive LTIP will further facilitate the alignment of the interests of the directors with those of the shareholders of the Company.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Termination of Employment, Changes in Responsibility and Employment Contracts

The Company, through wholly-owned operating subsidiaries, has an employment agreement with each of the Named Executive Officers. All such employment agreements may be terminated with eight weeks notice (or less in certain circumstances) or payment in lieu thereof. In March 2010 the Company implemented a change of control policy applicable to the Named Executive Officers and certain other Board appointed officers of the Company (the Policy). The implementation of the Policy was not in response to any known or likely change of control situation.

The main features of the Policy are as follows:

Trigger	Double trigger: (i) change of control; and (ii) termination for other than just cause or constructive dismissal.
Change of control definition	A person or group of persons acquiring or accumulating beneficial ownership of more than 50% of the Common Shares; a person or group of persons holding at least 25% of the Common Shares and being able to change the composition of the Board by having their nominees elected as a majority of the Board; or the arm's length sale, transfer, liquidation or other disposition of all or substantially all of the assets of the Company, over a period of one year or less.
Timing	Two years following a completed change of control for termination for other than just cause and one year following a completed change of control for constructive dismissal.

<u>Payment amount:</u>	<u>Multiplier:</u>
Annual base salary	Two times annual base salary.
Short-term incentive plan	One and one-half times target bonus (as outlined in the Compensation Discussion and Analysis above), plus one time pro rata target bonus for the year of termination.
Long-term incentive plan	One and one-half times maximum award under the Company's Long Term Incentive Plan (as outlined in the Compensation Discussion and Analysis above).
Stock option plan	One and one-half times target award amount (based on Black Scholes value option entitlement as a percentage of the Named Executives base salary) for the year in which the termination occurs.
Benefits	Two times annual premium cost for all health, dental and life insurance benefits in effect at termination.
Stock option vesting	Immediate vesting of all unvested stock options.
Stock option termination	All stock options terminate in accordance with the provisions for termination without cause outlined above.

As the policy was not in effect on December 31, 2009 the Company has not estimated the incremental payments to the Named Executive Officers assuming the triggering event took place at that time.

Directors and Senior Executives Liability Insurance and Indemnity Agreements

The Company maintains directors and senior executives liability insurance which, subject to the provisions contained in the policy, protects the directors and senior executives, as such, against certain claims made against them during their term of office. Such insurance provides for an aggregate of U.S.\$15 million annual protection against liability (less a deductible of U.S.\$750,000 for securities claims and U.S.\$250,000 for other claims) and U.S.\$20 million of excess coverage for directors only. The annual premium paid by the Company in 2009 for this insurance was U.S.\$288,250. The Company also has entered into indemnity agreements with directors and senior officers of the Company to provide certain indemnification to such directors and senior officers, as permitted by the Canada Business Corporation Act.

responsibilities of each such position.

(b) Disclose whether or not the board and CEO have developed a written position description for the CEO. If the board and CEO have not developed such a position description, briefly describe how the board delineates the role and responsibilities of the CEO.

The Board reviews and approves the corporate objectives for which the CEO is responsible and such corporate objectives form a key reference point for the review and assessment of the CEO's performance.

The Board has defined the limits to management's authority. The Board expects management, among other things, to:

set the appropriate tone at the top for all employees of the Company;

review the Company's strategies and their implementation in all key areas of the Company's activities, provide relevant reports to the Board related thereto and integrate the Board's input into management's strategic planning for the Company;

carry out a comprehensive planning process and monitor the Company's financial performance against the annual plan approved by the Board; and

identify opportunities and risks affecting the Company's business, develop and provide relevant reports to the Board related thereto and, in consultation of the Board, implement appropriate mitigation strategies.

4. Orientation and Continuing Education

(a) Briefly describe what measures the board takes to orient new directors regarding

(i) the role of the board, its committees and its directors, and

(ii) the nature and operation of the issuer's business.

All new directors receive an orientation binder, which includes a record of historical public information about the Company, a copy of the Company's Code of Business Conduct and Ethics, the mandate of the Board and the charters of the Board committees, and other relevant corporate and business information and securities filings. In addition, the Company's orientation for directors involves meeting with the Chairman, as well as with senior management of the Company for an interactive introductory discussion about the Company, providing the directors with an opportunity to ask questions. New directors are also expected to attend a Company auction shortly after their appointment and to attend as an observer at least one meeting of each Board committee during their first year. All directors are also encouraged to meet with management informally, visit auction sites and attend at least one auction per year.

Disclosure Requirements under 58-101F1

(b) Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.

5. Ethical Business Conduct

(a) Disclose whether or not the board has adopted a written code for the directors, officers and employees. If the board has adopted a written code:

(i) disclose how a person or company may obtain a copy of the code.

(ii) describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code; and

(iii) provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.

(b) Describe any steps the board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Company Disclosure

Senior management makes regular presentations to the Board on the main areas of the Company's business and updates the Board quarterly on the Company's financial and operating performance. Periodically, directors tour the Company's various facilities and are expected to attend Company auctions.

Directors are encouraged to take relevant professional development courses at the Company's expense and at times, the Company also recommends appropriate courses and conferences and encourage directors to attend. For example, a number of directors have attended the NACD Director Professionalism Course at the expense of the Company. The Company also canvases the directors on an annual basis to determine what courses or training each of them has attended during the past year, and the Chair reviews the results with individual directors.

The Board has adopted a Code of Business Conduct and Ethics that can be found on the Company's website and on SEDAR at www.sedar.com.

The Board and management review and discuss from time to time the effectiveness of the Company's Code of Business Conduct and Ethics and any areas or systems that may be further improved. The Company performs a Code of Business Conduct and Ethics compliance review on an annual basis, and seeks confirmation of understanding of and adherence to the Code from all employees throughout the Company and from directors.

There has been no material change report that has been filed that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

The Company complies with the relevant provisions under the *Canada Business Corporations Act* that deal with conflict of interest in the approval of agreements or transactions and the Company's Code of Business Conduct and Ethics sets out additional guidelines in relation to conflict of interest situations. The Company, through directors' and officers' questionnaires and other systems, also gathers and monitors relevant information in relation to potential conflicts of interest that a director or officer

may have.

(c) Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.

The Company was founded on, and the business continues to be successful largely as a result of, a commitment to ethical conduct and doing what is right. Employees are regularly reminded about their obligations in this regard and senior management demonstrates a culture of integrity and monitors employees by being in attendance at most of the Company's industrial auctions. This culture is clearly articulated in the Company's strategy document, which was approved by the Board. A summary of the Company's strategy document was presented to all employees of the Company in 2009.

6. Nomination of Directors

(a) Describe the process by which the board identifies new candidates for board nomination.

The Nominating and Corporate Governance Committee reviews the competencies and skills of the Board from time to time and identifies any areas where additional strength may be needed. When considering and identifying potential candidates for new directors, the Committee considers those areas where additional strength may be needed. The Nominating and Corporate Governance Committee also has adopted an annual assessment process for the Board and Committees.

The Board reviews its composition and size on a regular basis. The Board feels that the size of six to eight members is reasonable given the current size and complexity of the Company. The Company believes that the directors that have been added to the Board in recent years have brought additional experience to the Board and have allowed the Board to increase the number of unrelated and independent directors, while still permitting it to operate in an efficient manner.

(b) Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.

The Company currently has a Nominating and Corporate Governance Committee, composed entirely of independent directors. The Committee has three members:

Chair: Eric Patel

Members: Robert W. Murdoch and Beverley A. Briscoe

The Committee is responsible for proposing new nominees to the Board, in accordance with the guidelines articulated in the Nominating and Corporate Governance Committee's charter, which is available on the Company's website.

Disclosure Requirements under 58-101F1

(c) If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.

7. Compensation

(a) Describe the process by which the board determines the compensation for issuer's directors and officers.

(b) Disclose whether or not the board has a compensation committee composed entirely of independent directors. If the board does not have a compensation committee composed entirely of independent directors, describe what steps the board takes to ensure an objective process for determining such compensation.

(c) If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.

(d) If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the issuer, state that fact and briefly describe the nature of the work.

Company Disclosure

The Nominating and Corporate Governance Committee has the responsibility for overseeing the evaluation of the effectiveness of the Board as a whole, as well as the committees of the Board and the contribution of individual directors, by virtue of its charter.

The charter of the Nominating and Corporate Governance Committee can be found on the Company's website.

Please refer to the discussion included in the Compensation Discussion and Analysis commencing on page 13 and to the discussion of director compensation commencing on page 6.

The Board has appointed a compensation committee. This Committee has three members:

Chair: Edward B. Pitoniak

Members: James M. Micali and Christopher Zimmerman
The NYSE rules for United States companies require that all of the members of a Compensation Committee be independent. The Board determined that the Company has been in compliance with this requirement since August 2005. This Committee met four times in 2009 and all members attended all meetings. The charter of the Compensation Committee can be found on the Company's website.

The responsibilities, powers and operation of the Compensation Committee are as described in its charter, a copy of which can be found on the Company's website.

Until 2008, the Compensation Committee reviewed directors' and executive officers' compensation on a regular basis and regularly engaged outside advisors to assist with its review. Starting in 2008, the Nominating and Corporate Governance Committee took over responsibility for the review of directors' compensation. The Board implemented certain changes to directors' compensation that took effect in 2009. To make its recommendation on directors' compensation, the Nominating and Corporate Governance Committee took into account the types of compensation and the amounts paid to directors of other comparable companies and used the services of an outside advisor (Mercer). The Compensation Committee also engaged Mercer in 2008 to review and provide recommendations for executive officer compensation. Please see the Compensation

Discussion and Analysis commencing on page 13 for further details.

Please see Compensation of Directors commencing on page 6 for information about the compensation received by the directors in 2009.

8. Other Board Committees

The Board has no other standing committees.

If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

9. Assessments

Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees, and its individual directors are performing effectively.

The Board has an annual assessment process for the Board and its committees, including an individual board member evaluation process. The process is administered by the Nominating and Corporate Governance Committee. The process considers Board and Committee performance relative to the Board mandate or relevant Committee charters, as appropriate, and provides a mechanism for all directors to assess and provide comments on Board, Committee and Director performance. The results of the annual assessment are shared with all Board members.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND SENIOR OFFICERS

No director, executive officer or senior officer of the Company, no proposed nominee for election as a director of the Company, and no associate of any such director, officer or proposed nominee, at any time during the most recently completed financial year has been indebted to the Company or any of its subsidiaries or had indebtedness to another entity which is, or has been, the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Company or any of its subsidiaries.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is currently authorized to issue an unlimited number of Common Shares, an unlimited number of junior preferred shares without par value and an unlimited number of senior preferred shares without par value. As at March 2, 2010, according to the records of Computershare Trust Company of Canada, the registrar and transfer agent of the Company, there were 105,401,820 Common Shares and no preferred shares of the Company issued and outstanding. Holders of Common Shares are entitled to one vote for each Common Share held. Holders of Common Shares of record at the close of business on March 19, 2009 are entitled to receive notice of and to vote at the Meeting. The directors of the Company have fixed the close of business on March 19, 2009 as the record date for determining shareholders entitled to receive notice of and to vote at the Meeting.

To the knowledge of the directors and senior officers of the Company, there are no shareholders who beneficially own, directly or indirectly, or control or direct Common Shares carrying more than 10% of the voting rights attached to all voting shares of the Company, other than certain institutional shareholders who have filed Schedule 13Gs with the United States Securities and Exchange Commission.

GENERAL PROXY INFORMATION

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy for use at the Meeting are directors of the Company.

A shareholder has the right to appoint a person to attend and act as proxyholder on the shareholder's behalf at the Meeting other than the persons named in the enclosed form of proxy. If a shareholder does not wish to appoint either person so named, the shareholder should insert in the blank space provided the name and address of the person whom the shareholder wishes to appoint as proxyholder. That person need not be a shareholder of the Company.

A shareholder who has given a proxy may revoke it by: (a) signing a proxy bearing a later date and depositing it as provided under *Deposit of Proxy* below; (b) signing and dating a written notice of revocation (in the same manner as required for the enclosed form of proxy to be executed, as set out under *Validity of Proxy* below) and delivering such notice to the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting or to the Chairman of the Meeting on the day of the Meeting; (c) attending the Meeting in person and registering with the scrutineer thereat as a shareholder present in person and signing and dating a written notice of revocation; or (d) any other manner permitted at law. Any such revocation will have effect only in respect of those matters upon which a vote has not already been cast pursuant to the authority conferred by a previously deposited proxy.

Voting of Shares Represented by Proxy

A proxy in the form of the enclosed form of proxy will confer discretionary authority upon the proxyholder named therein with respect to the matters identified in the enclosed Notice of Meeting and in the form of proxy for which no choice is specified (and with respect to amendments and variations thereto and any other matter that may properly be brought before the Meeting).

If the instructions as to voting indicated on a proxy in the enclosed form and deposited as provided for herein are certain, all of the shares represented by such proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for. If the shareholder specifies a choice in the proxy as to how such shareholder's shares are to be voted with respect to any matter to be acted upon, the shares will be voted accordingly.

If no choice is specified by a shareholder in a proxy in the form of the enclosed form of proxy and one of the persons named in the enclosed form of proxy is appointed as proxyholder, the shares represented by the proxy will be voted FOR each of the director candidates nominated by the Board and FOR each of the other matters identified therein.

Amendments or Variations and Other Matters

Management of the Company is not aware of any amendments to or variations of any of the matters identified in the enclosed Notice of Meeting nor of any other matter which may be brought before the Meeting. **However, a proxy in the form of the enclosed form will confer discretionary authority upon a proxyholder named therein to vote on any amendments to or variations of any of the matters identified in the enclosed Notice of Meeting and on any other matter which may properly be brought before the Meeting in respect of which such proxy has been granted.**

Validity of Proxy

A form of proxy will not be valid unless it is dated and signed by the shareholder or by the shareholder's attorney duly authorized in writing. If the proxy is not dated, it will be deemed to bear the date on which it is mailed by the management of the Company to the shareholders. In the case of a shareholder that is a corporation, a proxy will not be valid unless it is executed under its seal or by a duly authorized officer or agent of, or attorney for, such corporate shareholder. If a proxy is executed by an attorney or agent for an individual shareholder, or by an officer, attorney, agent or authorized representative of a corporate shareholder, the instrument empowering the officer, attorney, agent or representative, as the case may be, or a notarial copy thereof, must be deposited along with the proxy. If the shares are registered in the name of more than one owner (for example, joint ownership, trustees, executors, etc), then all those registered should sign the proxy. The form of proxy should be signed in the exact manner as the name appears on the proxy.

A vote cast in accordance with the terms of a proxy will be valid notwithstanding the previous death, incapacity or bankruptcy of the shareholder or intermediary on whose behalf the proxy was given or the revocation of the appointment, unless written notice of such death, incapacity, bankruptcy or revocation is received by the Chairman of the Meeting at any time before the vote is cast.

Deposit of Proxy

In order to be valid and effective, an instrument appointing a proxy holder must be deposited with Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment thereof.

Non-registered Shareholders

Non-registered shareholders whose shares may be registered in the name of a third party, such as a broker or trust company, may exercise voting rights attached to shares beneficially owned by them. Applicable securities laws require intermediaries to seek voting instructions from non-registered shareholders. Accordingly, unless a non-registered shareholder has previously instructed their intermediaries that they do not wish to receive materials relating to shareholders' meetings, non-registered shareholders should receive or have already received from their intermediary either a request for voting instructions or a proxy form. Intermediaries have their own mailing procedures and provide their own instructions. These procedures may allow voting by telephone, on the Internet, by mail or by fax. If non-registered shareholders wish to attend and vote the shares owned by them directly at the Meeting, such non-registered holders should follow the procedures in the directions and instructions provided by or on behalf of the intermediary. For example, these non-registered shareholders can insert their name in the space provided on the request for voting Instructions or proxy form or request a form of proxy which will grant the non-registered holder the right to attend the meeting and vote in person. Non-registered shareholders should carefully follow the directions and instructions of their intermediary, including those regarding when and where the completed request for voting instructions or form of proxy is to be delivered.

Only registered shareholders as of the close of business on March 19, 2010 (the record date for voting at the Meeting) have the right to vote in person at the Meeting or to execute, deliver or revoke a proxy with the Company in respect of voting at the Meeting.

The Company has not sent any proxy-related materials that solicit votes or voting instructions directly to any non-registered shareholders. Non-registered shareholders who wish to vote or change their vote must, in sufficient time in advance of the Meeting, arrange for their intermediaries to make necessary voting arrangements, change the vote and, if necessary, revoke the relevant proxy.

The Company will provide to any person or company, upon request made to the Corporate Secretary of the Company, a copy of: the Company's current Annual Information Form together with a copy of any document, or the pertinent pages of any document, incorporated therein by reference; the Company's consolidated comparative financial statements for its most recently completed fiscal year together with the accompanying report of the auditor and management's discussion and analysis of financial condition and results of operations (MD&A); any interim financial statements of the Company subsequent to the financial statements of the Company's most recently completed fiscal year that have been filed together with the relevant MD&A; and the Company's information circular in respect of its most recent annual meeting of shareholders.
