**QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING**

**Why did I receive these proxy materials?**

We are providing these proxy materials in connection with the solicitation by the Board of Directors (the Board) of Merge Healthcare Incorporated (Merge Healthcare, the Company, we, us or our), a Delaware corporation, of proxy materials to be voted at our 2010 Annual Meeting of Stockholders and at any adjournment or postponement thereof.

**How do I register to attend the Annual Meeting in person?** below.

**How do I vote shares registered in my name?**

Under rules adopted by the Securities and Exchange Commission (SEC), we are primarily furnishing proxy materials to our stockholders on the Internet, rather than mailing paper copies of the materials (including our 2009 Annual Report on Form 10-K and Amendments No. 1 and 2 thereto on Form 10-K/A) to each stockholder. If you received a Notice Regarding Availability of Proxy Materials (Notice) by mail or electronic mail, you will not receive paper copy of these proxy materials unless you request one. Instead, the Notice will instruct you as to how you may access and review the proxy materials over the Internet. The Notice will also instruct you as to how you may access your proxy card to vote over the Internet. If you received a Notice by mail or electronic mail and would like to receive a paper copy of our proxy materials, free of charge, please follow the instructions included in the Notice.

We anticipate that the Notice will be mailed to our stockholders on or about [\_\_\_\_], 2010, and will be sent by electronic mail to our stockholders who have opted for such means of delivery on or about [\_\_\_\_], 2010. **What is the difference between holding shares as a stockholder of record and as a beneficial owner?**

If your shares are registered directly in your name with Merge Healthcare's transfer agent, American Stock Transfer & Trust Company, you are the stockholder of record of those shares. This Notice of Annual Meeting and Proxy Statement and the Company's 2009 Annual Report on Form 10-K together with Amendments No. 1 and 2 thereto on Form 10-K/A have been made available to you by Merge Healthcare.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of those shares. In that case, if you have previously elected to receive a paper copy of your proxy materials, this Proxy Statement and a proxy card have been sent to the broker. You may have received this Proxy Statement directly from your broker, together with instructions as to how to direct the broker to vote your shares. As a beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote your shares by using the voting instruction card or by following their instructions for voting by telephone or on the Internet.

**What can I do if I change my mind after I vote my shares?**

If you are a stockholder of record, you can revoke your proxy before it is voted by (i) sending written notice of revocation to the Secretary of the Company bearing a date later than the date of the proxy; or (ii) properly executing and dating a subsequent proxy relating to the shares of Common Stock that you want voted at the Annual Meeting; or (iii) voting by ballot at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by following the instructions of your bank, broker or other holder of record.

All votes that have been properly cast and not revoked will be voted at the Annual Meeting.

**If my shares are held in street name by my broker, will my broker vote my shares for me?**

For beneficial stockholders, your broker will vote your shares only if the proposal is a matter on which your broker has discretion to vote or if you provide instructions on how to vote by following the instructions provided to you by your broker. Under applicable rules, brokers have the discretion to vote on routine matters, such as the ratification of the selection of accounting firms. Beginning this year, brokers no longer have the discretion to vote on proposals for the election of directors. For any matters that come before the Annual Meeting for which your broker is not permitted to exercise voting discretion, if you do not give your broker specific instructions, your shares will be considered broker non votes, will not be voted on those matters and will not be considered as present and entitled to vote with respect to those matters. However, shares represented by such broker non votes will be counted in determining whether there is a quorum present.

**What shares are included on the proxy card?**

If you are a stockholder of record you will receive only one proxy card for all the shares you hold in certificate and in book entry form. If you are a beneficial owner, you will receive voting instructions, and information regarding consolidation of your vote, from your bank, broker or other holder of record.

**How many shares of Merge common stock must be present or represented at the Annual Meeting to constitute a quorum?**

Under our Bylaws as adopted on October 14, 2008 (which we refer to as our Bylaws), the presence of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, in person or represented by proxy, is necessary to constitute a quorum. Both abstentions and

**Table of Contents**

broker non votes are counted in the number of shares present in person or represented by proxy for purposes of determining whether a quorum is present.

**What are the voting requirements to elect the Directors and to approve each of the proposals discussed in this Proxy Statement?**

**Election of Directors**

Under our Bylaws, directors must be elected by a plurality of votes cast. This means that the individuals with the largest number of votes are elected as directors up to the maximum number of directors to be chosen at the Annual Meeting. Abstentions and broker non votes are not counted as votes for or against this proposal. Beginning this year, the election of directors is no longer a routine management proposal under the rules applicable to banks and brokers. As a result, if you hold your shares in street name, absent specific voting instructions, your bank, broker or other holder of record will not be permitted to exercise voting discretion, and your shares will not be considered present and entitled to vote, with respect to the election of directors at the Annual Meeting.

**Amendment of Certificate of Incorporation**

The affirmative vote of a majority of all shares outstanding is required for approval of the proposed amendment to the Company's Certificate of Incorporation. Since abstentions and broker non-votes are not affirmative votes, they will have the effect of votes cast against the proposal.

**Amendment of the 2005 Equity Incentive Plan and Ratification of BDO USA, LLP**

The affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote is required to approve the amendment of the 2005 Equity Incentive Plan and the ratification of BDO USA, LLP as our independent registered public accounting firm, respectively. Abstentions will have the effect of a no vote and broker non votes will have no effect on the outcome of these proposals.

**Could other matters be decided at the Annual Meeting?**

At the date this Proxy Statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. If any other matters properly come before the meeting, it is the intention of the proxies named in the proxy to vote the shares represented thereby with respect to such matters in accordance with their best judgment.

**Can I access the Notice of Annual Meeting and Proxy Statement and the 2009 Annual Report on Form 10 K as amended on the Internet?**

This Notice of Annual Meeting and Proxy Statement and the 2009 Annual Report on Form 10 K as amended are available on our website at <http://www.merge.com/annualmeeting/>. Instead of receiving future copies of our proxy statement and accompanying materials by mail, most stockholders can elect to receive an e-mail that will provide electronic links to them. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business.

**Who will pay for the cost of this proxy solicitation?**

To facilitate the collection of proxies, we may appoint a proxy solicitor at the standard industry rates. We will pay the cost of soliciting proxies, including the charges of brokers, banks and other holders of record for forwarding documents to you.

**Whom should I call with other questions?**

If you have additional questions about this Proxy Statement or the meeting or would like additional copies of this document or our 2009 Annual Report on Form 10 K and Amendments No. 1 and 2 thereto on Form 10 K/A, please contact: Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029, Attention: General Counsel and Corporate Secretary, Telephone (262) 367-0700.

**How can I communicate with the Company's Board of Directors?**

Stockholders who wish to communicate with our Board may send correspondence to our General Counsel and Corporate Secretary, Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029. Our General Counsel and Corporate Secretary will submit your correspondence to our Board or the appropriate Board committee, as applicable.

The Board has instructed the General Counsel and Corporate Secretary to review all communications so received, and to exercise her discretion not to forward to the Board correspondence that is inappropriate such as business solicitations, frivolous communications and advertising, routine business matters (i.e. business inquiries, complaints, or suggestions) and personal grievances. However, any Director may at any time request the General Counsel and Corporate Secretary to forward any and all communications received by the General Counsel and Corporate Secretary but not forwarded to the Directors.

**How do I submit a stockholder proposal for the 2011 annual meeting?**

If a stockholder wishes to have a proposal considered for inclusion in next year's proxy statement, he or she must submit the proposal in writing so that we receive it by [\_\_\_\_\_], 2011. Proposals should be addressed to our General Counsel and Corporate Secretary, Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029. In addition, our Bylaws provide that any stockholder wishing to nominate directors or propose any other business at the 2011 annual meeting must give us written notice by no earlier than June 23, 2011 and no later than July 23, 2011. This notice must be sent to Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029; Attention: General Counsel and Corporate Secretary. That notice must provide certain other information as described in our Bylaws. Copies of our Bylaws are available online at [www.merge.com/about/governance.aspx](http://www.merge.com/about/governance.aspx) or see Availability of Documents below.

**What is householding ?**

We have adopted householding, a procedure under which stockholders of record who have the same address and last name and do not receive proxy materials electronically will receive only one set of our proxy materials unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure saves printing and postage costs by reducing duplicative mailings. Stockholders who participate in householding will continue to receive separate proxy cards. Beneficial stockholders can request information about householding from their banks, brokers, or other holders of record. If you participate in householding and wish to receive separate proxy materials, or if you wish to receive separate proxy materials in the future, please call us at (262) 367-0700 or write to: Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029, Attention: General Counsel and Corporate Secretary. We will deliver the requested documents to you promptly upon your request.

**Table of Contents****STOCKHOLDER PROPOSAL ONE ELECTION OF DIRECTORS**

**Board Size.** It is the policy of the Company that the number of Directors not exceed a number that can function efficiently as a body. The Nominating and Governance Committee considers candidates to fill new positions created by expansion and vacancies that occur by resignation, by retirement or for any other reason. Our Bylaws provide that the number of Directors shall consist of no less than three (3) and no more than eleven (11) Directors. The specific number of Directors shall be fixed from time to time by our Board. Currently, the Board is comprised of seven (7) Directors.

On March 2, 2009, Mr. Geras resigned as a Director to pursue a consulting opportunity with our Company. Subsequently, the Board determined that it would operate with six (6) Directors consistent with the provisions of our Bylaws. On May 4, 2010, the Board appointed Jeff Surges as a new Director and a member of the Compensation Committee. Mr. Surges' appointment was subject to the approval of his employer, Allscripts-Mysys Healthcare Solutions, Inc., which was granted on May 10, 2010.

All seven (7) current members of our Board are standing for reelection to hold office until the next Annual Meeting of Stockholders or as provided in our Bylaws. The individuals named as proxy voters in the accompanying proxy, or their substitutes, will vote for the following nominees with respect to all proxies we receive unless instructions to the contrary are provided. If any nominee becomes unavailable for any reason, the votes will be cast for a substitute nominee designated by our Board. Our Directors have no reason to believe that any of the nominees named below will be unable to serve if elected. A plurality of votes cast is required for the election of Directors.

A plurality of the votes cast means that the individuals with the largest number of votes are elected as Directors up to the maximum number of Directors to be chosen at the Annual Meeting.

**Table of Contents**

**CORPORATE GOVERNANCE**

***Role and Composition of the Board of Directors***

**General.** The Board, which is elected by the stockholders, is the ultimate decision making body of Merge Healthcare, except with respect to those matters reserved to the stockholders. It selects the Chief Executive Officer and other members of the senior management team, which senior management team is charged with the conduct of Merge Healthcare's business. Having selected the senior management team, the Board acts as an advisor and counselor to senior management and ultimately monitors its performance. The function of the Board to monitor the performance of senior management is facilitated by the presence of outside Directors of stature who have substantive knowledge of Merge Healthcare's business.

Our business, property and affairs are managed under the direction of our Board. Members of our Board are kept informed of our business through discussions with our Chairman and Chief Executive Officer and other officers, by reviewing materials provided to them, by visiting our offices and by participating in meetings of the Board and its Committees.

All Board members standing for reelection are expected to attend our Annual Meeting of Stockholders, unless an emergency prevents them from doing so. At our 2009 Annual Meeting, all Directors standing for reelection attended. In 2009, the Board met thirteen (13) times and had three (3) Committees: the Audit Committee, the Nominating and Governance Committee and the Compensation Committee. All of the Directors who served on the Board in 2009 attended at least seventy five percent (75%) of the meetings of the Board, and at least seventy five percent (75%) of the meetings of all committees on which they served in 2009.

It is the general policy of Merge Healthcare that all major decisions be considered by the Board as a whole. As a consequence, the Committee structure of the Board is limited to those Committees considered to be basic to, or required for, the operation of a publicly owned company. Currently, these Committees are the Audit Committee, Compensation Committee, and the Nominating and Governance Committee. The membership of these Committees is rotated from time to time.

**Selection Criteria.** Although neither the Nominating and Governance Committee nor the Board has a diversity policy, the Board is committed to a diversified membership, in terms of both the individuals involved and their various experiences and areas of expertise. The Nominating and Governance Committee has not established specific minimum age, education, years of business experience or specific types of skills for potential director candidates, but, in general, expects qualified candidates will have ample experience and a proven record of business success and leadership. Candidates are selected by the Nominating and Governance Committee for, among other things, their integrity, independence, diversity of experience, leadership and their ability to exercise sound judgment. Final approval of a candidate is determined by the full Board. The Nominating and Governance Committee considers candidates suggested by our stockholders for election as a Director, provided that the recommendations are made according to the procedures required under our Bylaws. Stockholder nominees whose nominations comply with these procedures will be evaluated by the Nominating and Governance Committee in the same manner as the Nominating and Governance Committee's nominees.

**Director Compensation.** The Nominating and Governance Committee makes recommendations to the Board regarding the compensation of Directors.

**Executive Sessions.** Executive sessions or meetings of outside Directors without management present are held regularly at the Board's discretion and consistent with NASDAQ Global Market Rules.

### **Board Leadership Structure and Risk Oversight**

We separate the roles of Chief Executive Officer and Chairman of the Board of Directors in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board of Directors provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the full Board. We also believe that separation of the positions reinforces the independence of the Board in its oversight of the business and affairs of the Company, and creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in the best interests of the Company and its stockholders. We do not have a lead independent director.

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports to enable it to understand our risk identification, risk management and risk mitigation strategies. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed of such risks through committee reports at the Board meeting following a given committee meeting. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

In addition to the Company's formal compliance program, the Board encourages management to promote a corporate culture that understands risk management and incorporates it into the overall corporate strategy and day-to-day business operations. The Company's risk management structure also includes an ongoing effort to assess and analyze the most likely areas of future risk for the Company. As a result, the Board (and its committees) periodically asks the Company's executives to discuss the most likely sources of material future risks and how the Company is addressing any significant potential vulnerability. The Company has reviewed its compensation policies and practices for its employees and does not believe such policies and practices are reasonably likely to have a material adverse effect on the Company. In reaching this conclusion, the Company considered, among other things: the design elements of the Company's compensation programs and policies; the mix of cash and equity payouts; the balance of incentive compensation to encourage both short-term performance and long-term value creation; the combination of performance and time vesting requirements used by the Company's incentive plans; the use of financial performance metrics that are readily monitored and reviewed; incorporation of both operational and financial goals and individual performance; capped payout levels for both annual cash incentives and long-term incentive awards; multiple levels of review and approval of awards; and the Company's internal risk review and assessment processes.

This transaction was approved by the Audit Committee in accordance with its written policies and procedures regarding related person transactions. The revenue generated by this agreement is estimated to be \$400,000, exclusive of optional services, which may be purchased by Olivia Greets, over its term.

***Repayment of Merrick Term Note***

On November 18, 2009, we used \$18.1 million of the net proceeds from our registered direct public offering of 9,084,032 shares of our common stock to prepay in full the term note that was held by Merrick pursuant to the securities purchase agreement that we entered into with Merrick in May of 2008. As a result of the prepayment, we were required to pay 118% of the outstanding \$15.0 million principal of the term note and accrued and unpaid interest of \$395,000. Prior to its repayment, the term note had an interest rate of 13.0% per annum, and was to become payable in a single installment in June 2010. In connection with the prepayment of the term note, Merrick waived certain piggyback registration rights and Michael W. Ferro, Jr. agreed not to offer or sell any of our common stock held by him (or any securities convertible into, exercisable for or exchangeable or exercisable for shares of common stock) prior to 90 days following November 13, 2009, subject to certain exceptions.

***Amendment of Merrick Consulting Agreement***

In January of 2009, we entered into a Consulting Agreement with Merrick which was effective as of January 1, 2009, had a one year term and which allowed us to take advantage of certain consulting services offered by Merrick to us. These services included, but were not limited to, investor relations, financial analysis and strategic planning. Effective on January 1, 2010, we and Merrick entered into an amendment to extend the term of this Consulting Agreement through December 31, 2011, and modified the payment terms from a flat fee arrangement per quarter to a per transaction or success based arrangement. Our Audit Committee considered the amendment to the Consulting Agreement prior to its execution and approved its terms. The fees under the Consulting Agreement in 2009 were approximately \$400,000. In addition, as a result of the completion of the acquisition of AMICAS, Inc., we paid a \$1.0 million success fee to Merrick in April 2010.

**Table of Contents*****Merrick's Debt and Equity Investment in Connection with our Acquisition of AMICAS, Inc.***

On April 28, 2010, Merrick purchased an aggregate principal amount of \$5.0 million of the \$200 million of 11.75% senior secured notes due 2015 that we offered in a private placement pursuant to Rule 144A and Regulation S under the Securities Act of 1933, as amended. The notes purchased by Merrick were purchased at the same purchase price per note as the other investors in the offering. Merrick has agreed for a period of 180 days from the closing of the offering not to, without the prior written consent of Morgan Stanley & Co. Incorporated, offer, sell or contract to sell, or otherwise dispose of, directly or indirectly, or announce the offering of, the notes purchased by it in the offering. In addition, Merrick subscribed for and purchased 1.8 million shares of our common stock and 10,000 shares of our Series A Preferred Stock in the private placement that funded a portion of our acquisition of AMICAS, Inc. These shares were purchased by Merrick at the same purchase price per share of common stock and per share of Series A Preferred Stock paid by the other investors in the private placement.

***Acquisition of Olivia Greets Assets from Merrick Healthcare Solutions LLC***

On July 30, 2010, we entered into an Asset Purchase Agreement with Merrick Healthcare Solutions LLC, a subsidiary of Merrick Ventures, LLC, pursuant to which we acquired substantially all of the assets related to the development and distribution of the Olivia Greets system. **COMPENSATION DISCUSSION AND ANALYSIS**

**INTRODUCTION**

This Compensation Discussion describes our executive compensation program for 2009 and certain elements of the 2010 program. We use this program to attract, motivate, and retain colleagues whom the Board has selected to lead our business.

This section of the Proxy Statement explains how the Compensation Committee made its compensation decisions for our officers who also comprise our named executive officers. Those Named Executive Officers are our Chief Executive Officer, Justin C. Dearborn; our Executive Vice President North American Direct Sales, Nancy J. Koenig; our Vice President, General Counsel and Corporate Secretary, Ann Mayberry French; our Chief Financial Officer, Steven M. Oreskovich; and our Executive Vice President Research and Development, Antonia A. Wells.

**MARKET AND BUSINESS CONDITIONS**

Although the global economy rebounded somewhat toward the end of 2009, our business remained affected by the downturn that started in 2008. Healthcare in particular showed country-by-country challenges and opportunities as a direct result of the local government investment. In 2009 our major market, the U.S., passed dramatic healthcare legislation intended to spark new investment in health IT. While it originally served to freeze the market as elements of the legislation were further defined, market conditions improved toward the end of 2009 and major market segments are forecasted for growth in 2010 and onward. At the same time, legislation aimed at reducing reimbursement to our customers hindered their ability to invest in our solutions. Merge Healthcare improved its financial position during the second half of 2008 and continued to grow top line revenue throughout 2009. Management successfully limited overhead while growing revenue in order to improve our financial strength and sustain future performance.

**Table of Contents**

**PHILOSOPHY AND GOALS OF OUR EXECUTIVE COMPENSATION PROGRAM**

***Compensation Philosophy***

The primary objectives of our executive compensation policies are as follows:

to attract and retain talented executives by providing compensation that is in alignment with the compensation provided to executives at companies of comparable size and growth trajectory in the health care information technology industry, while maintaining compensation within levels that are consistent with our annual budget, financial objectives and operating performance; and

to provide appropriate incentives for executives to work toward the achievement of our annual financial performance and business goals, based primarily on diluted earnings per share.

Our incentive compensation programs are designed to reward executive and other employee contributions based on the success of our organization. Specifically, they are designed to reward achievement of our annual financial performance and business goals and creation of stockholder value.

***Compensation Mix***

Historically, we have used a mix of short term compensation (base salaries and annual cash incentive bonuses) and long term compensation (stock option grants and restricted stock awards) to meet the objectives of our compensation programs. We do not have a fixed policy for allocating between long term and short term compensation or between cash and non cash compensation. Because we believe that it is important to align the interests of our executives with those of our stockholders, equity incentive compensation has made up a portion of each current executive's overall compensation package. In the near term, we plan to continue to use primarily short term compensation (base salaries and annual cash incentive bonuses) as well as long term compensation, as appropriate.

The compensation that we pay our Named Executive Officers consists of base salary, cash incentive compensation and stock option awards. The following discussion explains the reason we pay each element of compensation, how the amount of each element is determined, and how each element fits into our overall compensation philosophy and affects decisions regarding other elements.

We seek to pay executives a base salary in alignment with salaries of executives at companies of comparable position in the healthcare information technology industry and at a rate that fits within our annual budget, financial objectives and operating performance. However, we do not make use of any formal survey information or benchmark against any specific compensation percentiles. We have not historically attempted to make base salary a certain percentage of total compensation.

In light of the Company's 2009 annual performance and the public sentiment regarding corporate bonus payouts for substandard, annual corporate performance, the Compensation Committee determined that Merge Healthcare's performance did not warrant cash incentive payments for 2009.

In early 2010, the Compensation Committee established targets for bonuses for Merge Healthcare's Named Executive Officers, as well as the rest of the employees. However, due to the Company's acquisition of AMICAS, Inc., such targets are no longer in effect.

***Role of the Compensation Committee***

The Compensation Committee of our Board is responsible for administering our compensation practices and ensuring they are designed to drive corporate performance. Our Compensation Committee reviews compensation policies affecting our executive officers annually, taking into consideration our financial

**Table of Contents**

performance, our position within the health care information technology industry, the executive compensation policies of similar companies in similar industries and, when reviewing individual compensation levels, certain individual factors, including the executive's level of experience and responsibility and the personal contribution that the individual has made to our success. Further, our Compensation Committee also considers the global economic trends and the macroeconomic environment.

Annually, our Compensation Committee reviews the base salaries of all executive officers and based on these reviews, may adjust these salaries to ensure external competitiveness and to reflect the executive's individual position and performance, as well as the performance of our Company. In addition to these factors, our Compensation Committee considers the recommendations of our Chief Executive Officer when adjusting base salaries of our Named Executive Officers other than himself. Our Chief Executive Officer can and does call and attend Compensation Committee meetings. We may also make base salary adjustments during the year if the scope of an executive officer's responsibility changes relative to the other executives.

***Modifications To Our Executive Compensation Program***

The Committee continues to focus its efforts to refine the executive compensation structure and process consistent with evolving good governance practices.

Beginning in June 2008, in connection with the investment by Merrick RIS, LLC ( Merrick ) in our Company, several changes occurred in the makeup of our senior management team. Specifically, effective on the closing of the Merrick investment, Mr. Dearborn became our Chief Executive Officer, Mr. Oreskovich became our Chief Financial Officer, Ms. Koenig became our President of Merge Fusion and Ms. Wells became our President of Merge OEM. In connection with these changes, the Compensation Committee proposed and the Board accepted several modifications to our executive officer and director compensation programs to ensure that we offer competitive compensation that will help us to retain our executive officers and to reflect the views of the current members of our Board and the Compensation Committee on appropriate compensation structures. In April 2010, several additional changes occurred in the makeup of our senior management team, namely Nancy J. Koenig was appointed Executive Vice President North American Direct Sales and Antonia A. Wells was appointed Executive Vice President Research and Development.

We have entered into letter agreements with four (4) Named Executive Officers: Mr. Dearborn, Ms. Koenig, Mr. Oreskovich and Ms. Wells. The agreements formalize and confirm the base compensation, target annual bonus amounts and the stock option grants that we agreed to in connection with the hiring of Mr. Dearborn and Ms. Koenig, and Mr. Oreskovich's and Ms. Wells' promotions. The agreements provide for twelve (12) months' base salary as severance upon a termination other than for cause or other than due to the executive officer's death or disability, conditioned on the executive officer's execution of a release agreement. The agreements do not include a definition of cause. In addition, upon a change in control of Merge Healthcare, all of the executive officers' stock options will vest. We proposed the amounts of these severance benefits and the triggering events based on the subjective judgments and experiences of the members of the Compensation Committee indicating that these amounts are consistent with market practice and that the triggering events are likely to involve circumstances in which it is customary and appropriate to offer the protections embodied in the letter agreements.

We established the terms of the compensation arrangements with four (4) of our Named Executive Officers at the time of the closing of the Merrick investment, as noted above. The compensation arrangements for our Named Executive Officers as of December 31, 2009 were as follows: Mr. Dearborn received an annual base salary of \$250,000 and has a target annual bonus equal to his base salary. Ms. Koenig received an annual base salary of \$200,000 and has a target annual bonus equal to her base salary. Ms. Wells received an annual base salary of CAD\$200,000 and has a target annual bonus equal to her annual base salary. Mr. Oreskovich received an annual base salary of \$200,000 and has a target annual bonus equal to 50% of his annual base salary. The compensation arrangement for

**Table of Contents**

Ms. Mayberry French was determined upon her date of hire. As of December 31, 2009, those arrangements were as follows: Ms. Mayberry French was hired at an annual salary of \$150,000 and received a salary increase effective on January 1, 2009, due to additional responsibility for the Human Resources function of Merge Healthcare. Because of the salary increase Ms. Mayberry French received an annual salary of \$160,000 and had a target annual bonus of thirty five percent (35%) of her base salary. No bonuses were paid to the named executive officers under the 2009 annual bonus program because the factors defined by the Compensation Committee were not achieved.

**COMPENSATION COMMITTEE REPORT**

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S K set forth above with management and, based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

or 5). The Commission requires executive officers, directors and greater than ten percent (10%) stockholders to furnish us with copies of all these forms filed with the Commission.

To our knowledge, based solely upon our review of the copies of these forms received by us, or written representations from certain reporting persons that no additional forms were required for those persons, we believe that all of our executive officers and Directors complied with their reporting obligations during 2009, with the exception that one late Form 4, which was filed on February 26, 2009 on behalf of Merrick RIS, LLC and Michael W. **Table of Contents****STOCKHOLDER PROPOSAL TWO AMENDMENT TO THE COMPANY S CERTIFICATE OF INCORPORATION**

The Board has determined that it is advisable and in the best interests of the Company and its stockholders to amend the Company s Certificate of Incorporation (the Charter ) to increase the number of authorized shares of common stock. Accordingly, the Board has proposed an amendment to the Charter increasing the number of authorized shares of common stock from 100 million to 150 million for submission to the Company s stockholders at the Meeting. As of [\_\_\_\_], 2010, the record date, there were [\_\_\_\_] shares of common stock outstanding and [\_\_\_\_] shares were reserved for issuance in connection with various employee benefit plans.

The Board believes it is desirable for the Company to have the flexibility to issue additional shares of common stock in excess of the amount which is currently authorized without further stockholder action. The additional shares of common stock will be available for issuance from time to time, including for a stock split or dividend, raising capital through the sale of common stock or as consideration in connection with acquisitions and for attracting and retaining valuable employees by issuing additional stock options or restricted stock. While the Board continually considers the Company s capital structure and various financing alternatives, the board has no formal plans or commitments to issue any additional shares of common stock at this time. The Board will determine whether, when and on what terms the issuance of shares may be warranted in connection with any of those purposes.

For the reasons set forth above, the Board has proposed that the following resolution, which embodies an amendment to the Charter effecting the increased authorization, be submitted to the Company s stockholders for approval at the Meeting:

RESOLVED, that the first row of the table in Article IV of the Company s Certificate of Incorporation be amended to read as follows:

Class	Series (If Any)	No. of Shares	Par Value Per Share
Common	None	150,000,000	\$.01

If this amendment is approved by the Company s stockholders, the entire authorized capital stock of the Company will consist of 150,000,000 shares of common stock, 1,000,000 shares of preferred stock (of which 50,000 shares are designated as Series A Non-Voting Preferred Stock) and one share of Series 3 Special Voting Preferred Stock.

As is the case with the current authorized but unissued shares of common stock, the additional shares of common stock authorized by this proposed amendment could be issued upon approval by the Board without further vote of our stockholders except as may be required in particular cases by our Certificate of Incorporation, applicable law, regulatory agencies or the NASDAQ Global Market Rules. Under our Certificate of Incorporation, stockholders do not have preemptive rights to subscribe to additional securities that may be issued by the Company, which means that current stockholders do not have a prior right to purchase any new issue of common stock in order to maintain their proportionate ownership interest in the Company. If we issue additional shares of common stock or securities convertible into or exercisable for common stock, such issuance would have a dilutive effect on the voting power and could have a dilutive effect on the earnings per share of the Company s currently outstanding shares of common stock. Additionally, the Company has no current intention of using additional shares of common stock as an anti-takeover defense, however, such an issuance could be used to create impediments to or

**Table of Contents**

otherwise discourage persons attempting to gain control of the Company (through dilutive offerings or otherwise).

**VOTE REQUIRED AND RECOMMENDATION OF THE BOARD OF DIRECTORS**

The affirmative vote of a majority of all shares entitled to vote thereon shall be required for approval of the proposed amendment to the Charter. Since abstentions and broker non-votes are not affirmative votes, they will have the effect of votes cast against the proposal.

**RECOMMENDATION OF THE BOARD**

**The Board unanimously recommends a vote FOR amending the Company s Certificate of Incorporation to increase the number of authorized shares of common stock by 50 million shares to 150 million shares.**

**Table of Contents**

**STOCKHOLDER PROPOSAL THREE APPROVAL OF THE SECOND AMENDMENT TO THE MERGE HEALTHCARE INCORPORATED 2005 EQUITY INCENTIVE PLAN**

The Board believes that the continued growth and profitability of the Company depends, in part, upon the ability of the Company to attract and retain highly qualified employees. As of [\_\_\_\_\_], 2010, [\_\_\_\_\_] shares of common stock remained available for awards under the Merge Healthcare 2005 Equity Incentive Plan, which we refer to as the equity incentive plan. Accordingly, on [\_\_\_\_\_], 2010, the Board adopted the Second Amendment to the equity incentive plan, subject to stockholder approval, increasing the number of shares available for issuance under the equity incentive plan from 10,500,000 to 13,500,000.

We are also seeking stockholder approval in accordance with the requirements of the NASDAQ Global Market Rules and so that awards issuable under the equity incentive plan, as a result of the amendment, qualify as performance-based compensation that is exempt from the \$1 million deduction limit imposed by Section 162(m) of the Internal Revenue Code.

We believe that appropriate equity incentives are important to attract and retain the highest caliber of employees and directors, to link incentive rewards to Company performance, to encourage employee and director ownership in our Company, and to align the interests of our employees and directors to those of our stockholders. The approval of the amendment to the equity incentive plan will enable us to continue to provide such incentives.

The following summary of the material provisions of the equity incentive plan is qualified in its entirety by reference to the full text of the plan which is attached as Annex A to this document.

**Administration**

The equity incentive plan is administered by the Compensation Committee of the Board. The Compensation Committee is composed entirely of independent directors. Subject to the terms of the equity incentive plan, the Compensation Committee may grant awards under the plan, establish the terms and conditions for those awards, construe and interpret the plan and establish the rules for the plan's administration.

**Eligibility**

Awards may be granted to our employees and the employees of our subsidiaries and affiliates, as well as our subsidiaries and affiliates' non-employee directors and consultants. The Compensation Committee has the authority to determine which employees, consultants and non-employee directors should receive awards. The equity incentive plan does not limit the number of employees, directors or consultants who may receive awards. We and our subsidiaries and affiliates, in the aggregate, currently employ approximately [\_\_\_\_\_] individuals.

**Shares Available for Grant**

Awards may be made under the equity incentive plan with respect to 10,500,000 shares of common stock prior to the amendment and 13,500,000 shares of common stock after giving effect to the amendment. As of the date of this Proxy Statement and prior to increasing the number of shares available under the plan, [\_\_\_\_\_] shares remain available for issuance. Forfeited and lapsed awards are not counted against the plan limits.

**Types of Awards**

The Compensation Committee may grant non-statutory stock options, incentive stock options, stock grants, stock appreciation rights, performance units and stock units under the plan. Non-employee

**Table of Contents**

directors and consultants may not receive incentive stock options. The maximum number of shares that may be issued under the plan through incentive stock options is 5,000,000 shares of common stock.

**Tax Treatment of Stock Options U.S. Participants**

A stock option is the right to purchase shares of common stock at a specified price as determined by the Compensation Committee. The exercise price of stock options under the equity incentive plan will not be less than 100% of the fair market value of a share of common stock on the date the option is granted, except in certain corporate acquisitions where options may be issued under the plan in substitution for previously issued options of the acquired entity. Incentive stock options and non-statutory stock options differ primarily in their tax treatment. A U.S. participant receiving an incentive stock option will recognize no income or gain on the grant or the exercise of the incentive stock option (except that the alternative minimum tax may apply). Any gain realized upon the disposition of the underlying common stock will be taxed as long term capital gain if the U.S. participant holds the shares of common stock for at least two years after the date of the grant of the incentive stock option and one year after the date of exercise. Merge will not be entitled to any business expense deduction with respect to the exercise of an incentive stock option by a U.S. employees except where the holding period requirements are not satisfied. A U.S. participant receiving a non-statutory stock option will not be taxed on the grant of the option. Upon exercising the non-statutory stock option, the U.S. participant will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the common stock on the date of exercise. Upon a subsequent sale of the shares acquired pursuant to the non-statutory stock option, the U.S. participant will have taxable capital gain or loss measured by the difference between the amount realized on the disposition and the tax basis of the shares of common stock (the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised). Merge will be entitled to a business expense deduction in the same amount and at the same time as the U.S. participant recognizes ordinary income on the exercise of the non-statutory stock option, subject to limits under Section 162 of the Internal Revenue Code (relating to the \$1,000,000 cap on compensation).

**Tax Treatment of Stock Options Canadian Participants**

Canadian participants will receive non-statutory stock options. A Canadian participant receiving a non-statutory stock option will not be taxed on the grant of the option. Upon exercising the non-statutory stock option the Canadian participant will recognize income in an amount equal to the difference between the exercise price and the fair market value of the common stock on the date of exercise. The Canadian participant will, however, be allowed a deduction equal to 50% of the income recognized. On a subsequent sale of the shares acquired pursuant to the non-statutory stock option by the Canadian participant, the full value of the amount taxed to the Canadian participant is added in computing the Canadian participant's basis in the share. Merge will not be entitled to a business expense deduction with respect to non-statutory options exercised by Canadian participants.

**Stock Appreciation Rights**

The Compensation Committee may also grant stock appreciation rights. A stock appreciation right is the right to receive a cash payment equal to the appreciation of a share of common stock above a specified price determined by the Compensation Committee. The specified price will not be less than 100% of the fair market value of a share of common stock on the date the stock appreciation right is granted. Upon exercising the stock appreciation rights, the participant will recognize ordinary income in an amount equal to the cash payment received by the participant.

**Stock Grants**

The Compensation Committee may also make stock grants. A stock grant is the award of common stock to a participant accompanied by such restrictions as may be determined by the Compensation Committee. Generally such stock grants will be subject to a vesting requirement or the satisfaction of designated individual or company performance objectives. Restricted stock is taxable to the participant when the stock is vested and performance requirements are satisfied. Merge generally receives a

**Table of Contents**

deduction equal to the value of the stock at the time the vesting and performance requirements are satisfied.

**Stock Unit Grants and Performance Unit Grants**

A stock unit grant is the award of cash equal to the value of a share of common stock of Merge. A performance unit grant has a value established by the Compensation Committee. Awards of stock units and performance units will generally be subject to vesting requirements or the satisfaction of performance requirements. The value of stock units or performance units received by a participant is taxable to the participant when the units are vested and performance requirements are satisfied. Merge generally receives a deduction in the year the recipient recognizes income for the value received by the participant, subject to limits under Section 162 of the Internal Revenue Code (relating to the \$1,000,000 cap on compensation).

**Limits on Awards**

An individual recipient may not receive awards with respect to more than 750,000 shares in any calendar year. No participant may be granted an award under the plan in any year which would result in a cash payment which exceeds 500% of the participant's base compensation in the year of grant or the prior year.

**Performance Based Compensation**

Incentive stock options, non-statutory stock options and stock appreciation rights are intended to be performance based compensation within the meaning of Section 162(m) of the Internal Revenue Code (relating to an exception from the \$1,000,000 cap on deductible compensation). The Compensation Committee may also attempt to qualify stock grants, performance unit grants and stock unit grants as performance based compensation. The performance goals will be based on earnings per share; net income (before or after taxes); net income from continuing operations; return on assets, equity, capital or investment; cash flow; cash flow return on investments; earnings before or after taxes, interest, depreciation and/or amortization; internal rate of return or increase in net present value; dividend payments; gross revenues; gross margins; internal measures generally recognized in the industry; and share price.

**Accelerated Vesting**

To the extent that an award is subject to a vesting schedule, vesting may be accelerated at the discretion of the Compensation Committee, including upon a change in control (as such term is defined below). To the extent an award is subject to performance requirements, such requirements may be deemed satisfied on an early termination of employment, at the discretion of the Compensation Committee, including upon a termination in connection with a change in control. A change in control includes, generally speaking, any of the following: a person obtaining control over 50% of Merge's voting stock, a majority of directors who are not approved by the incumbent directors are elected to our Board, a merger, consolidation or similar transaction in which our stockholders do not own a majority of the shares of the surviving entity, or a sale of substantially all of Merge's assets.

**Adjustments**

In the event of a change in the outstanding shares of Merge common stock due to a stock split, stock dividend, recapitalization, merger, consolidation, spin off, reorganization or repurchase or exchange of the shares of Merge common stock, the Compensation Committee will take action to prevent a dilution or enlargement of benefits under the equity incentive plan. These actions include adjusting the number of shares of common stock that may be issued under the equity incentive plan, including the share limitation and (1) the number of shares; (2) the price of shares subject to outstanding awards; and (3) the consideration to be paid upon the exercise of any award.

**Amendment and Termination**

**Table of Contents**

The Merge board may amend or terminate the equity incentive plan at any time, but no such amendment or termination may adversely affect the rights of a participant with respect to outstanding awards, except that Merge may, in the event of a change in control of Merge, either: (1) terminate the equity incentive plan and pay participants the value of outstanding awards; or (2) replace the awards with substantially similar awards granted under a plan of another party to the change in control. No awards may be granted under the plan after May 24, 2015, the tenth anniversary of the effective date of the plan. Stockholder approval is required for certain material amendments to the equity incentive plan.

Merge stockholders should read the plan, which is attached as Annex A to this proxy statement, carefully before deciding how to vote.

**New Benefits Under the 2005 Equity Incentive Plan, as amended**

The Compensation Committee has not granted any awards under the equity incentive plan that are contingent on stockholder approval of the amendment to increase the number of shares available for awards under the plan. All future grants of awards under the equity incentive plan that will be made to eligible executive officers, employees and directors are subject to the discretion of the Compensation Committee and, therefore, are not determinable at this time.

**RECOMMENDATION OF THE BOARD**

**The Board unanimously recommends a vote FOR amending the Merge Healthcare Incorporated 2005 Equity Incentive Plan to increase the number of shares of common stock issuable under the plan.**

**STOCKHOLDER PROPOSAL FOUR RATIFICATION OF THE APPOINTMENT OF  
BDO USA, LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2010  
BACKGROUND**

The Audit Committee of our Board has selected BDO Seidman, LLP, which subsequently changed its name to BDO USA, LLP, to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2010. BDO Seidman, LLP was our independent registered public accounting firm and has audited our consolidated balance sheet as of December 31, 2008 and December 31, 2009, respectively, and the consolidated statements of operations, stockholders' equity, comprehensive income (loss) and cash flows for the years then ended. Prior to that time, KPMG LLP had served as our independent registered public accounting firm.

Representatives of BDO USA, LLP will be present at our Annual Meeting. They will have the opportunity to make a statement if they so desire and to respond to appropriate questions.

**REASONS FOR THE PROPOSAL**

Selection of our independent registered public accounting firm is not required to be submitted for stockholder approval, but the Audit Committee of our Board is seeking ratification of its selection of BDO USA, LLP as a matter of good corporate practice. If our stockholders do not ratify this selection, the Audit Committee of our Board will consider it a direction to select another independent registered public accounting firm for 2010. Even if the selection is ratified, the Audit Committee may, in its discretion, appoint a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our and our stockholders' best interests.

**VOTE REQUIRED AND RECOMMENDATION OF THE BOARD OF DIRECTORS**

To ratify the selection of BDO USA, LLP as our independent registered public accounting firm, the votes cast for ratification must be the majority of shares present and entitled to vote (in person or by proxy) at the Annual Meeting. Unless otherwise specified, the proxies solicited hereby will be voted in favor of the ratification of BDO USA, LLP as our independent registered public accounting firm for 2010.

**CHANGE IN INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

On June 24, 2008, we notified KPMG LLP on behalf of the Audit Committee that, effective June 24, 2008, we would be replacing KPMG LLP as our independent registered public accounting firm.

During our fiscal years ended December 31, 2006 and December 31, 2007 and the subsequent period through June 24, 2008, we have not had any disagreements with KPMG LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to KPMG LLP's satisfaction, would have caused KPMG LLP to make reference thereto in their reports on the financial statements for such years.

On June 24, 2008, the Audit Committee decided to engage BDO Seidman, LLP as our independent registered public accounting firm for fiscal year 2008. BDO Seidman, LLP formally accepted the engagement on June 26, 2008, and we and BDO Seidman, LLP entered into an engagement letter on that date. We did not engage BDO Seidman, LLP in any consultations prior to June 26, 2008.

**POLICY ON AUDIT COMMITTEE PRE APPROVAL OF AUDIT AND PERMISSIBLE NON AUDIT SERVICES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Consistent with the Commission and the Public Company Accounting Oversight Board ( PCAOB ) requirements regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre approve all audit and permissible non audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for each year s audit, management will submit a list to the Audit Committee for its approval of services and related fees expected to be rendered and fees expected to be incurred during that year within each of four (4) categories of services to the Audit Committee for approval.

**Audit** services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including quarterly reviews, comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.

**Audit Related** services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

**Tax** services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm s tax personnel, including tax analysis; assisting with coordination of execution of tax related activities, primarily in the area of corporate development; supporting other tax related

regulatory requirements; and tax compliance and reporting. The Company generally does not request such services from the independent registered public accounting firm.

*All Other* services are those services not captured in the audit, audit related or tax categories. The Company generally does not request such services from the independent registered public accounting firm.

The Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre approval categories. In those instances, the Audit Committee requires specific pre approval before engaging the independent registered public accounting firm. The Audit Committee may delegate pre approval authority to one or more of its members. The member to whom such authority is delegated must report any pre approval decisions to the Audit Committee at its next scheduled meeting.

**AUDIT COMMITTEE REPORT**

*The information contained in this report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the Commission, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.*

We, the members of the Audit Committee, represent the following:

1. The Audit Committee has reviewed and discussed Merge Healthcare's audited financial statements with management;
2. The Audit Committee has discussed with BDO Seidman, LLP, Merge Healthcare's independent registered public accounting firm for fiscal year 2009, the matters required to be discussed by Statement of Auditing Standards No. 61 (Codification of Statements on Auditing Standards), as may be modified or supplemented;
3. The Audit Committee has received the written disclosures and the letter from BDO Seidman, LLP required by the Public Company Accounting Oversight Board rule that relates to independence (Rule 3526), as may be modified or supplemented, and has discussed with BDO Seidman, LLP, its independence as Merge Healthcare's independent registered public accounting firm; and
4. Based on the review and discussions referred to above, the Audit Committee recommended to our Board that the audited financial statements be included in Merge Healthcare's Annual Report on Form 10-K for the year ended December 31, 2009 and Amendments No. 1 and 2 thereto on Form 10-K/A, for filing with the Commission.
