MICHAEL BAKER CORPORATION

PITTSBURGH, PENNSYLVANIA

PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS-APRIL 25, 2001

GENERAL INFORMATION

The solicitation of the proxy or proxies enclosed with this proxy statement is made on behalf of the Board of Directors of Michael Baker Corporation (the "Company"), P.O. Box 12259, Pittsburgh, Pennsylvania 15231-0259, for the Annual Meeting of Shareholders to be held on Wednesday, April 25, 2001 at 10:00 a.m. at the Pittsburgh Airport Marriott, 777 Aten Rd., Coraopolis, Pennsylvania 15108. It is expected that this Proxy Statement and proxies will be mailed to shareholders on or about March 30, 2001.

The Company's Common Capital Stock is divided into two series, denominated Common Stock and Series B Common Stock. Each share of Common Stock entitles the holder thereof to one vote on all matters submitted to the shareholders, and each share of Series B Common Stock entitles the holder thereof to ten votes on all such matters. All matters submitted to a vote of shareholders are voted upon by holders of Common Stock and Series B Common Stock voting together, except that (i) holders of Common Stock and holders of Series B Common Stock are each entitled to vote separately as a series on certain extraordinary transactions involving the Company or on certain amendments to the Company's Articles of Incorporation, and (ii) holders of Common Stock, voting separately as a class, are entitled to elect one-fourth of the directors to be elected at a meeting (other than those electable by holders of Cumulative Preferred Stock if any is issued in the future), rounded, if necessary, to the next higher whole number. Holders of Common Stock vote together with the holders of Series B Common Stock on the election of the remaining directors (other than those electable by holders of Cumulative Preferred Stock if any is issued in the future).

Holders of Common Stock and Series B Common Stock have cumulative voting rights in the election of directors, including, in the case of the holders of Common Stock, directors elected by such holders voting separately as a class. Cumulative voting entitles each shareholder to that number of votes in the election of directors as is equal to the number of shares which he holds of record (multiplied by ten, in the case of Series B Common Stock) multiplied by

Edgar Filing: BAKER MICHAEL CORP - Form DEF 14A

the total number of directors to be elected, and to cast the whole number of such votes for one nominee or distribute them among any two or more nominees as he chooses. Shares represented by proxies, unless otherwise indicated on the proxy card, will be voted cumulatively in such manner that the number of shares so voted for each nominee (and for any substitute nominated by the Board of Directors if any nominee listed becomes unable or is unwilling to serve) will be as nearly equal as possible. The six nominees receiving the highest number of affirmative votes cast at the Annual Meeting by the holders of Common Stock and Series B Common Stock, (voting together) and the three nominees receiving the highest number of affirmative votes cast at the Annual Meeting by the holders of the Common Stock, voting in person or by proxy, a quorum being present, will be elected as directors.

4

On March 1, 2001, the Company had outstanding 6,983,970 shares of Common Stock (entitling holders to 6,983,970 votes) and 1,304,415 shares of Series B Common Stock (entitling holders to 13,044,150 votes). Holders of Common Stock and Series B Common Stock of record at the close of business on March 1, 2001 are entitled to notice of and to vote on all matters that may properly come before the Annual Meeting, except that holders of Series B Common Stock may not vote for the election of directors electable solely by the holders of Common Stock.

The proxy solicited hereby may be revoked at any time before its exercise by giving notice of revocation to the Secretary of the Company or by delivering a proxy bearing a later date or by attending and voting at the Annual Meeting of Shareholders or any adjournment thereof. Unrevoked proxies will be voted at the Annual Meeting in accordance with the specifications made thereon, but in the absence of such specifications will be voted FOR each proposal. Votes with respect to certain extraordinary transactions, amendments to the Company's Articles of Incorporation, and the election of directors will be counted as set forth above. With respect to all other matters brought before the Annual Meeting, the affirmative vote of the holders of shares representing the majority of the votes cast at the Annual Meeting (in person or by proxy) will be required to approve such matter.

The Board of Directors does not know of any other business that may be presented for consideration at the 2001 Annual Meeting. If any other business should properly come before the Annual Meeting, it is the intention of those named in the Proxies solicited hereby to vote the shares represented by such Proxies in accordance with their judgment on such matters.

SHAREHOLDER PROPOSALS FOR 2002 ANNUAL MEETING

A proposal submitted by a shareholder for the regular annual meeting of shareholders to be held in 2002 must be received by the Secretary, Michael Baker Corporation on or prior to November 30, 2001 in order to be eligible for inclusion in the Company's Proxy Statement for that annual meeting. In connection with the 2002 Annual Meeting of Shareholders, if the Company does not receive notice of a matter or proposal to be considered, on or before February 13, 2002, then the persons appointed by the Board of Directors to act as proxies for such annual meeting will be allowed to use their discretionary voting authority with respect to any such matter or proposal raised at such annual meeting.

Section 2.01.1 of the Company's By-Laws sets forth procedures by which shareholders may nominate candidates for election as directors.

The Audit Committee of the Board of Directors, of which Messrs. Bontempo, Constantakis and Murray are members, held five meetings. All Audit Committee members are independent as defined by the American Stock Exchange listing standards. The Compensation Committee, of which Messrs. Bontempo, Gavert, and Larson are members, held seven meetings. The Nominating/Governance Committee, of which Messrs. Bontempo, Copeland, and Murray are members held two meetings. The Audit Committee has considered whether the independent public accountant's provision of non-audit related services is compatible with maintaining the independence of the independent public accountants. The Compensation Committee reviews and recommends to the Board the compensation of senior executive personnel and directors. The Nominating/Governance Committee was established to consider and recommend candidates to sit on the Board of Directors. The Executive Search Committee was formed to identify and recommend a new Chief Executive Officer.

AUDIT COMMITTEE REPORT

We have reviewed and discussed the consolidated balance sheet of Michael Baker Corporation and subsidiaries (the Company) as of December 31, 2000, and the related consolidated statements of income, shareholders investment and cash flows, for the year then ended, with management of the Company. These financial statements which are the responsibility of the Company's management, are included in the Company's Annual Report to Shareholders and in the Company's

Edgar Filing: BAKER MICHAEL CORP - Form DEF 14A

Annual Report on Form 10-K as filed with the Securities and Exchange Commission. They have been audited by PricewaterhouseCoopers LLP, independent public accountants, and their report thereon which accompanies the financial statements is an important part of the Company's reporting responsibility to its shareholders. Our responsibility is to review the financial statements and hold discussions with Company management and the independent public accountants and based on this work make a recommendation to the Board of Directors of the Company.

We have met with the independent public accountants and discussed the matters that they are required to communicate to us by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. These items include, but are not limited to, significant issues identified during the audit such as management judgments and accounting estimates, accounting policies, proposed audit adjustments, financial statement disclosure items and internal control issues, and if there were any disagreements with management or difficulties encountered in performing the audit.

The Company's independent public accountants also provided us with written disclosures required by Independence Standards Board Statement No. 1 (Independence Discussions with Audit Committees). We have met with and discussed that firm's independence.

Based on our review and discussions, described in the above three paragraphs, we have recommended to the Company's Board of Directors that the aforementioned 2000 audited financial statements be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

This report is submitted by the Audit Committee of the Company's Board of Directors.

(1) Based on the exercise price and fair market value of the Common Stock as of December 31, 2000.

(2) Stock options granted under the 1996 Non-employee Directors' Stock Incentive Plan prior to Mr. Shaw becoming an employee in September 1999.

COMPENSATION OF DIRECTORS

Compensation for non-employee directors during 2000 was set as follows: Annual retainer--\$15,000; Attendance at each regularly scheduled or special meeting of the Board of Directors--\$1,000; Attendance at a Board of Directors committee meeting--\$500; Telephonic attendance at a Board of Directors or committee meeting--\$100; Additional annual retainer for chairman of the Board of Directors--\$5,000; and Additional annual retainer for committee chairmen--\$2,500.

The Compensation Committee, with the assistance of William M. Mercer, a compensation consulting firm, reviewed compensation for non-employee directors in the context of similar policies among peer companies. Following that review, the annual retainer paid to non-employee directors was increased by \$2,000 and the amount paid for attendance at committee meetings was increased by \$250, effective in 2001.

In addition, non-employee directors participate in the 1996 Non-employee Directors' Stock Incentive Plan, which provides long-term incentive compensation to eligible directors. Under this plan, each member of the Board of Directors who was not an employee of the Company or any of its subsidiaries was granted 500 restricted shares and an option to purchase 1,000 shares of Common Stock on the first business day following the Annual Meeting of Shareholders in 2000. During 2000, the Compensation Committee, with the assistance of William M. Mercer, reviewed the plan in the context of similar plans among peer companies. Based on its review, the Compensation Committee recommended to the Board of Directors that the plan be amended to increase by 500 the number of restricted shares and by 1,000 the number of options granted to each non-employee director on the first business day following each Annual Meeting of Shareholders beginning in 2001. The Board approved the amendment on February 21, 2000. In line with the Company's compensation philosophy, the largest increases for directors' compensation were in the "at-risk" category as described in the Compensation Committee report.

EMPLOYMENT CONTINUATION AGREEMENTS

The Company entered into Employment Continuation Agreements with Messrs. Fusilli, McKnight, Whiteford and Whitten. Under the agreements with Messrs. Fusilli and McKnight, the executives agree to remain in the employ of the Company for thirty-six months following the date of a change of control (as defined in the agreements), and the Company agrees to provide salary and

Edgar Filing: BAKER MICHAEL CORP - Form DEF 14A

benefits at levels commensurate with those prior to the change of control for that period. The agreements further provide that if the executive's employment is terminated by reasons other than death, disability, voluntary termination (except a voluntary termination for good reason as defined in the agreements), or is terminated by the Company other than for cause (as defined in the agreements) during this period, the Company will pay the executives their (i) earned

9

12

salary, (ii) a severance amount equal to three times the sum of the executives' annual base salary and the average bonus for the five fiscal years preceding the change of control, and (iii) obligations accrued under applicable benefit plans and programs, and continue their benefits for three years. The payments under the agreements may be subject to reduction to the extent that they are considered excess parachute payments under the Internal Revenue Code. Furthermore, the executives will under certain circumstances receive similar benefits if their employment is terminated in contemplation of a change of control and a change of control occurs within one year following such terminations.

The agreements with Messrs. Whiteford and Whitten are essentially the same except that the executives agree to remain in the employ of the Company for twenty-four months following a change of control and the severance amount is an amount equal to two times the sum of the executive's annual base salary and the average bonus for the five fiscal years preceding the change of control with continued benefits for two years.

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Securities and Exchange Act of 1934, as amended, that might incorporate future filings, including this Proxy Statement in whole or in part, the following report and the Stock Performance Graph on page 12 shall not be incorporated by reference into any such filings.

REPORT OF THE COMPENSATION COMMITTEE

Introduction

Decisions regarding compensation of the Company's executives generally are made by a three-member Compensation Committee of the Board. In 2000 the Compensation Committee consisted of Dr. Larson as the Chairman and Messrs. Bontempo and Gavert.

All recommendations of the Compensation Committee relating to compensation of the Company's executive officers are reviewed and approved by the full Board. Set forth below is a report submitted by Messrs. Larson, Bontempo and Gavert in their capacity as the Board's Compensation Committee addressing the Company's compensation policies for 2000 as they affected executive officers of the Company.

Compensation Philosophy

The Company refocused its philosophy on compensation towards placing a greater share of employee compensation "at risk", thereby rewarding employees based on the overall performance of the Company, and adopting a new "line-of-sight" annual incentive compensation plan for 2001 to energize this philosophy. The following are the Company's compensation objectives: (i) to attract and retain executive officers and other key employees of outstanding ability, and to motivate all employees to perform to the full extent of their abilities; (ii) to ensure that pay is competitive with other leading companies

Edgar Filing: BAKER MICHAEL CORP - Form DEF 14A

in the Company's industry; (iii) to reward executive officers for corporate, group and individual performance; and (iv) to ensure that total compensation to the executive officers as a group is not disproportionate when compared to the Company's total employee population.

Compensation

The Compensation Committee retains the services of Hewitt Associates, a compensation consulting firm, to assist the Committee in connection with performance of its duties. Hewitt Associates provides ongoing advice to the Committee with respect to the reasonableness of compensation paid to executive officers of the Company. In addition, for a review of directors' compensation and to assist in the development of new annual and long-term incentive compensation plans and policies, the Compensation Committee retained William M. Mercer, a compensation consulting firm.

Pursuant to the terms of his employment agreement with the Company, Mr. Shaw, as the Chief Executive Officer of the Company, was paid an annual salary of \$400,000 in 2000. In addition, Mr. Shaw is entitled to participate in all compensation plans and programs for which he is eligible as an executive officer of the Company, to receive all benefits provided to the Company's executives and to receive a supplemental retirement benefit of \$5,000 per month. Mr. Shaw was also paid a bonus of \$50,000 based upon the Compensation Committee's review of attainment of certain of the Company's performance goals during 2000.

10

13

Also, during 2000 certain life insurance premiums in the amount of \$11,124 were paid on Mr. Shaw's behalf. Pursuant to the terms of a previously granted option to purchase 50,000 shares of Common Stock under the 1995 Stock Incentive Plan, 14,883 of such options became exercisable on January 2, 2000.

The Company applies a compensation program consisting of base salary, annual incentive compensation and long-term incentive compensation. In determining base salaries for 2000, the Compensation Committee reviewed the relationship of an executive's compensation to that of other executive officers of the Company, similar executive officers in comparable companies, and the Company's current and projected growth and profitability performance. In determining annual and long-term incentive compensation, the Compensation Committee reviewed the Company's performance in 2000.

The Chief Executive Officer recommends to the Compensation Committee salary adjustments for executive officers. The Committee reviews these recommendations in light of the above factors. A final comparison is made to verify that the total percentage increase in compensation paid to the executive officers as a group is not disproportionate to the percentage increase applicable to other Company employee groups.

In keeping with its philosophy of increasing the portion of employee compensation "at-risk", the Committee recommended and the Board approved a new Line-of-Sight 2001 Incentive Compensation Plan, in which all employees will have an opportunity to participate beginning in 2001. Under the Plan, the Committee established a Company performance goal measured by earnings per share. Upon achievement of the Company earnings per share performance goal and other Company goals established based upon an employee's group within the Plan, the employee may receive payment of an incentive award up to the amount of a preestablished incentive target. The incentive targets are based upon market comparisons to ensure that incentive compensation opportunities are competitive with other leading companies in the Company's industry. Providing an incentive compensation payment opportunity contingent upon the achievement of the Company's performance goals facilitates the objective of establishing a clear line of sight between the overall performance of the Company and the individual contribution of each

Edgar Filing: BAKER MICHAEL CORP - Form DEF 14A

employee.

1995 Stock Incentive Plan

The 1995 Stock Incentive Plan provides long-term incentive compensation to eligible employees. The Compensation Committee retained the services of William M. Mercer, a compensation consulting firm, to assist the Committee in evaluating its practice of granting stock options relative to practices of other publicly-traded companies engaging in one or more lines of business comparable to those of the Company. In connection with this evaluation, the Compensation Committee intends to revise its guidelines relative to the grant of stock options.

Stock options are awarded based on the Compensation Committee's judgment concerning the position and responsibilities of the employee being considered, the nature and value of his or her services, his or her current contribution to the success of the Company, the employee's cash compensation, the expected rate of appreciation in the value of the stock option, and any other factors which the Compensation Committee may deem relevant. Stock option awards tie the interests of employees to the long-term performance of the Company, and provide an effective incentive for employees to create shareholder value over the long term since the full benefit of the compensation package cannot be realized unless an appreciation in the Company's stock price occurs over a number of years.

The Committee determined not to make an annual grant of stock option awards in 2000. In 2001, the Committee will consider the grant of stock options to executive officers and other key employees in the context of motivating strategic behavior beneficial to the Company's long-term performance.

This report is submitted by the Compensation Committee of the Company's Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the "1934 Act") requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission (the "Commission") initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Such persons are required by Commission regulation to furnish the Company with copies of all Section 16(a) forms which they file. The Company believes that all such filing requirements applicable to its executive officers and directors were complied with in 2000, except that William J. Copeland and Thomas D. Larson each made a late filing to report a purchase, and Mr. Mooney's initial filing on Form 3 was made late. In making the disclosure under this paragraph the Company has relied solely on written representations of its directors and executive officers and copies of the reports that they have filed with the Commission.

TRANSACTIONS WITH MANAGEMENT

The Company entered into an employment agreement with Richard L. Shaw in April 1988, which agreement was supplemented in March 1992, October 1994, June 1995, March 1998 and September 1999. Mr. Shaw is currently compensated as Chief Executive Officer at an annual salary of approximately \$425,000. In addition, pursuant to the agreement, the Company covers costs of health insurance, reimburses actual out-of-pocket expenses and maintains a life insurance policy for Mr. Shaw. This agreement also provides for a supplemental retirement benefit of \$5,000 per month commencing on expiration of the agreement.

AUDITORS

The Board of Directors of the Company has selected the independent accounting firm of PricewaterhouseCoopers LLP ("PwC") to examine the financial statements of the Company for 2001.

Edgar Filing: BAKER MICHAEL CORP - Form DEF 14A

Directors expects that representatives of PwC will be present at the Annual Meeting of Shareholders and, while such representatives do not currently plan to make a statement at the Annual Meeting, they will be available to respond to appropriate questions.

AUDIT FEES

The Company was billed \$315,100 in aggregate fees for the professional services rendered by the independent public accountants for the audit of its financial statements for the year ended December 31, 2000, and the reviews of its financial statements included in its Forms 10-Q for the 2000 fiscal year.

FINANCIAL INFORMATION SYSTEM DESIGN AND IMPLEMENTATION FEES

The independent public accountants did not bill the Company for any financial information system design and implementation fees for services rendered in 2000.

ALL OTHER FEES

In addition to the audit fees described above, the independent public accountants billed the Company \$345,451 in aggregate fees for other professional services rendered in 2000. Such fees were primarily for tax services.

COMMITTEE OPERATING PRINCIPLES

The committee shall fulfill its responsibilities within the context of the following overriding principles:

- Communications -- The chairperson and others on the committee shall, to the extent appropriate, have contact throughout the year with senior management, other committee chairpersons, and other key committee advisors, external and internal auditors, etc., as applicable, to strengthen the committee's knowledge of relevant current and prospective business issues.
- Committee Education/Orientation -- The committee, with management, shall develop and participate in a process for review of important financial and operating topics that present potential significant risk to the company. Additionally, individual committee members are encouraged to participate in relevant and appropriate self-study education to assure understanding of the business and environment in which the company operates.

responsibilities.

- Committee Meeting Attendees -- The committee shall request members of management, counsel, internal audit, and external auditors, as applicable, to participate in committee meetings, as necessary, to carry out the committee's responsibilities. Periodically and at least annually, the committee shall meet in private session with only the committee members. It shall be understood that either internal or external auditors, or counsel, may, at any time, request a meeting with the audit committee or committee chairperson with or without management attendance. In any case, the committee shall meet in executive session separately with internal and external auditors, at least annually.
- Reporting to the Board of Directors -- The committee, through the committee chairperson, shall report, after each meeting, to the full board. In addition, summarized minutes from committee meetings shall be available to each board member.

Changes in role and/or responsibilities, if any, shall be recommended to the full board for approval.
- Independent Board Members -- The board shall be composed of executive and nonexecutive members. Independent members are nonexecutive members who have no relationship to the corporation that may interfere with the exercise of their independence from management and the corporation.

All members of the Committee must be "independent". The following categories of person have been determined by the Board of Directors to not be considered "independent":

- a director who is employed by the Corporation for the current year or any of the past three years;
- a director who has accepted any compensation from the Corporation or any of its affiliates in excess of \$60,000 during the previous fiscal year, other than compensation for board service, benefits under a tax-qualified retirement plan, or non-discretionary compensation;
- a director who is a member of the immediate family of an individual who is, or has been in any of the past three years, employed by the Corporation or any of its affiliates as an executive officer;
- a director who is a partner in, or a controlling shareholder or an executive officer of, any for-profit business organization to which the Corporation made, or from which the Corporation received payments (other than those arising solely from investments in the Corporation's securities) that exceed 5% of the Corporation's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the past three years; or
- a director who is employed as an executive of another entity where any of the Corporation's executives serve on that entity's compensation committee.

Notwithstanding the above, there may be one member of this Committee who does not meet the above standards of independence; provided that such member is not a current employee or an immediate family member of such an employee, if the Board of Directors, under exceptional and limited circumstances, determines that membership on this Committee by the individual is required by the best interests of the Corporation and its shareholders, and the Board discloses, in the next annual proxy statement subsequent to such determination, the nature of the

Edgar Filing: BAKER MICHAEL CORP - Form DEF 14A

relationship and the reasons for the determination.

MEETING FREQUENCY

The committee shall meet at least quarterly. Additional meetings shall be scheduled as considered necessary by the committee or chairperson.

- The external auditors, in their capacity as independent public accountants, shall be responsible to the board of directors and the audit committee as representatives of the shareholders.
- As the external auditors review financial reports, they will be reporting to the audit committee. They shall report all relevant issues to the committee responsive to agreed-on committee expectations. In executing its oversight role, the board or committee should review the work of external auditors.
- The committee shall annually review the performance (effectiveness, objectivity, and independence) of the external and internal auditors. The committee shall ensure receipt of a formal written statement from the external auditors consistent with standards set by the Independence Standards Board. Additionally, the committee shall discuss with the auditor relationships or services that may affect auditor objectivity or independence. If the committee is not satisfied with the auditors' assurances of independence, it shall take or recommend to the full board appropriate action to ensure the independence of the external auditor.
- The internal audit function shall be responsible to the board of directors through the committee.
- If either the internal or the external auditors identify significant issues relative to the overall board responsibility that have been communicated to management but, in their judgment, have not been adequately addressed, they should communicate these issues to the committee chairperson.
