PROXY STATEMENT

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

ANNUAL MEETING OF STOCKHOLDERS
To Be Held May 22, 2002

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Hungarian Telephone and Cable Corp. (the "Company") to be used at the Annual Meeting of Stockholders of the Company, to be held at 10:00 a.m. local time, on May 22, 2002 at the New York Marriott East Side Hotel, 525 Lexington Avenue, New York, New York 10017, or at any adjournment or postponement thereof (the "Meeting"). This Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders and form of proxy are first being sent or given to stockholders on or about April 10, 2002.

At the Meeting, the stockholders of the Company are being asked to consider and vote upon: (i) the election of seven directors of the Company to serve until the 2003 Annual Meeting of Stockholders or until their successors are duly elected and qualified; (ii) a proposal to amend the Company's 1992 Incentive Stock Option Plan, as amended (the "Stock Option Plan"), to extend the termination date of the plan as so amended from April 30, 2003 to April 30, 2008 and rename the plan the "2002 Incentive Stock Option Plan"; and (iii) the ratification of the appointment of KPMG Hungaria Kft. as auditors of the Company for the fiscal year ending December 31, 2002.

Voting Rights and Proxy Information

All shares of common stock, par value \$.001 per share, of the Company (the "Common Stock"), represented at the Meeting by properly executed proxies received prior to or at the Meeting, and not revoked, will be voted at the Meeting in accordance with the instructions thereon. If no instructions are indicated, properly executed proxies will be voted for election of all nominees for director named below, for the approval of the proposal regarding the Stock Option Plan and for the ratification of the appointment of auditors. The Company does not know of any matters, other than as described in the Notice of Annual Meeting, that are to come before the Meeting. If any other matters are properly presented at the Meeting for action, the persons named in the enclosed form of proxy and acting thereunder will have the discretion to vote on such matters in accordance with their best judgment. Proxies should not be sent by the stockholder to the Company, but to Continental Stock Transfer & Trust Company, the Company's Registrar and Transfer Agent, at 17 Battery Place South, 8th Floor, New York, New York 10004. A pre-addressed, postage-paid envelope is provided for this purpose.

A proxy delivered pursuant to this solicitation may be revoked at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of the Company at or before the Meeting a written notice of revocation bearing a later date than the proxy, (ii) duly executing a subsequent proxy relating to the same shares and delivering it to the Secretary of the Company at or before the Meeting, or (iii) attending the Meeting and voting in person (although attendance at the Meeting will not in and

-1-

of itself constitute revocation of a proxy). Any written notice revoking a proxy should be delivered to Peter T. Noone, Secretary, Hungarian Telephone and Cable Corp., 32 Center Street, Darien, Connecticut 06820.

Vote Required for Approval

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

The presence, in person or by proxy, of a majority of the shares of Common Stock entitled to vote is required to constitute a quorum for the transaction of business at the Meeting. The election of directors requires the affirmative vote of a plurality of the shares of Common Stock voting in person or by proxy at the Meeting. Thus, abstentions and proxies returned by brokers as "non-votes" on behalf of shares held in "street name" will have no effect on the outcome of the election of directors. The affirmative vote of a majority of the shares present in person or by proxy and voted on such matter at the Meeting is required for approval of the proposal to amend the Stock Option Plan. Accordingly, abstentions will have the same effect as a vote against such matter and proxies returned by brokers as "non-votes" will not affect the outcome of such vote. Proxies submitted which contain abstentions or broker "non-votes" will be deemed present at the Meeting in determining the presence of a quorum.

Your Board of Directors has unanimously approved each of the proposals set forth herein. Accordingly, the Board recommends a vote FOR the election of the nominees named herein as directors, the proposal to amend the Stock Option Plan and the ratification of the appointment of auditors.

Voting Securities

April 5, 2002 has been set as the record date (the "Record Date") for determining stockholders entitled to notice of, and to vote at, the Meeting. As of the close of business on the Record Date, there were outstanding 12,103,180 shares of Common Stock. Each holder thereof is entitled to one vote per share.

Six of the nominees are incumbent directors who were elected at the last annual meeting of stockholders and one nominee is an incumbent director who was elected by the Board in February 2002 to fill a vacancy. It is intended that the proxies solicited on behalf of the Board of Directors (other than proxies in which the vote is withheld as to one or more nominees) will be voted at the Meeting for the election of the nominees identified below. If any nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute as the Board of Directors may recommend. At this time, the Board of Directors knows of no reason why any of the nominees might be unable to serve, if elected. Except as described below, there are no arrangements or understandings between any director or nominee and any other person pursuant to which such director or nominee was selected.

The Company has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters addressed in the Audit Committee's charter. To carry out its responsibilities, the Audit Committee met two times during fiscal 2001.

We meet with management periodically to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. We also discussed these matters with the Company's independent auditors and with appropriate Company financial personnel.

We regularly meet with the independent auditors who have unrestricted access to the Audit Committee.

We also recommend to the Board the appointment of the independent auditors and review periodically their fees, performance and independence from management.

The Directors who serve on the Audit Committee are all "Independent" for purposes of the American Stock Exchange listing standards. That is, the Board of Directors has determined that none of us has a relationship to Hungarian Telephone and Cable Corp. that may interfere with our independence from Hungarian Telephone and Cable Corp. and its management.

Management has primary responsibility for the Company's financial

statements and the overall reporting process, including the Company's system of internal controls.

The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with generally accepted

-9-

accounting principles and discuss with us any issues they believe should be raised with us.

We reviewed the Company's audited financial statements and met with both management and KPMG Hungaria Kft., the Company's independent auditors, to discuss those financial statements. Management has represented to us that the financial statements were prepared in accordance with generally accepted accounting principles.

We have received from and discussed with KPMG Hungaria Kft. the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from the Company. We also discussed with KPMG Hungaria Kft. the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Finally, the Audit Committee continued to monitor the scope and adequacy of the Company's accounting staff, including proposals for adequate staffing and to strengthen internal procedures and controls where appropriate.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001, for filing with the Securities and Exchange Commission.

Compensation Committee Report on Executive Compensation

The following Report of the Compensation Committee and the performance graph included elsewhere in this proxy statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the performance graph by reference therein.

Since May 2000 the Compensation - Stock Option Committee has consisted of John B. Ryan, William E. Starkey (Chairman) and Leonard Tow. The function of this committee is to administer the 1992 Incentive Stock Option Plan and the Director Stock Option Plan, and negotiate and determine the compensation of executive officers. The Compensation-Stock Option Committee held two meetings during the fiscal year ended December 31, 2001.

Executive Officer Compensation Policy

General. The Company's compensation policy is designed to motivate, reward and retain the managerial and technical talent needed to achieve the Company's business objectives. This policy provides for incentives to achieve short- and long-term objectives and rewards exceptional performance and accomplishments that contribute to the Company's business. Compensation arrangements for the Company's executive officers have been designed to align such compensation with the achievement of the Company's business objectives and growth strategy. The Company has traditionally sought to achieve such alignment through employment contracts providing for fixed-base salaries, cash bonuses and the grant of stock options.

Employment Contracts. The Company has traditionally entered into an employment agreement with an executive officer effective with the individual's appointment to an executive position. Employment agreements for executive officers, including the Chief Executive Officer, have been for terms from two to four years, and provide for fixed annual salaries over their terms. Base salaries are initially established through negotiations with the executive officer during the hiring process. The Company has also granted options to its executive officers in order to align the interests of such executives with those of the shareholders of the Company generally.

Chief Executive Officer's Compensation. The Compensation Committee negotiated a new three-year employment agreement with the Company's Chief Executive Officer, Ole Bertram. The Compensation Committee provided Mr. Bertram with a base salary based on comparable industry standards and a grant of options also based on comparable industry standards. The options are intended to provide Mr. Bertram with incentive to increase the Company's market value. The employment agreement with Mr. Bertram also provides for a potential cash bonus tied to certain Company objectives established by the Compensation Committee. For the Company's performance in 2000, the Company awarded Mr. Bertram a cash bonus of \$78,300 in February 2001, which was based on the achievement of Company objectives relating to revenues, operating income, line connections, capital expenditures and debt refinancing. For the Company's performance in 2001, the Company awarded Mr. Bertram a bonus of \$95,000 in January 2002, which was based on the achievement of Company objectives relating to revenues, operating income, line connections, customer growth and an organizational restructuring. The Company also agreed to award Mr. Bertram 25,000 shares of Common Stock provided that Mr. Bertram maintains continuous employment with the Company through December 31, 2003. The Company's current objectives for Mr. Bertram are tied to its revenue growth, operating income, line connections, and strategic initiatives.

For a description of certain provisions of the Company's employment contracts with its executive officers, see "- Employment Agreements."

-11-

In 1993, Section 162(m) was added to the Internal Revenue Code of 1986, as amended, the effect of which is to eliminate the deductibility of compensation of over \$1 million, with certain exceptions, paid to each of certain highly compensated executive officers of publicly held corporations, such as the Company. Section 162(m) applies to all remuneration (both cash and non-cash) that would otherwise be deductible for tax years beginning on or after January 1, 1994, unless expressly excluded. Because the compensation of the Company's current officers is well below the \$1 million threshold, the Company has not yet considered its policy regarding this provision.

Standard Remuneration of Directors and Other Arrangements

In May 2000, the Board adopted the current compensation structure for its non-employee directors pursuant to which the Co-Chairmen (Messrs. Ferguson and Holm) are to be compensated with a fixed quarterly fee of \$3,000, a per meeting fee of \$1,100 and \$550 for meetings held via telephonic conference call. The other directors will be compensated with a fixed quarterly fee of \$2,500, a per meeting fee of \$800 and \$400 for meetings held via telephonic conference call. For committee meetings, the directors are paid \$500 (\$800 for the Chairman) for attendance at meetings and \$250 (\$400 for the Chairman) for meetings held via telephonic conference call. The Company also reimburses the directors for out-of-pocket expenses.

Director Stock Option Plan

The Board adopted the Hungarian Telephone and Cable Corp. Non-Employee Director Stock Option Plan (the "Director Stock Option Plan") to award options to the Company's directors who are not officers or employees of the Company.

The Director Stock Option Plan has 250,000 shares of Common Stock available for issuance pursuant to options to the eligible directors. The Compensation Committee administers the Director Stock Option Plan. The options will have ten-year terms and may not be transferred except for limited estate planning purposes and by will or the laws of descent and distribution.

As of the date each year that any non-employee director is elected or re-elected to serve as a director by the stockholders of the Company at the Annual Meeting of Stockholders of the Company, each non-employee director is automatically granted an option to purchase 5,000 shares of Common Stock with an exercise price per share equal to the fair market value of a share of Common Stock on the date of such grant. Each automatic grant of any such options vests in the optionee, and thus become exercisable, at the earlier of (x) the date of the next Annual Meeting of Stockholders of the Company, or (y) one year from the date of such annual grant. On May 21, 2001, the Company granted each of Messrs. Ferguson, Holm, Ryan, Starkey and Tow options to purchase 5,000 shares of Common Stock, which options vest on May 20, 2002.

II. PROPOSAL TO AMEND THE COMPANY'S 1992 INCENTIVE STOCK OPTION PLAN TO EXTEND THE TERMINATION DATE OF THE PLAN FROM APRIL 30, 2003 TO APRIL 30, 2008 AND RENAME THE PLAN THE "2002 INCENTIVE STOCK OPTION PLAN"

Background of Proposed Amendment

The Board of Directors recommends that shareholders approve an amendment to the Company's 1992 Incentive Stock Option Plan, as amended (the "Stock Option Plan") to extend the termination date of the plan as so amended from April 30, 2003 to April 30, 2008 and rename the plan the "2002 Incentive Stock Option Plan."

The Stock Option Plan plays an important role in the Company's efforts to attract and retain employees of outstanding ability, and to align the interests of employees with those of the shareholders through increased employee ownership of the Company. In order to continue to provide the appropriate equity incentives to employees in the future, the Board of Directors has unanimously approved an amendment to the Stock Option Plan to extend its term for five years and rename the Stock Option Plan, the "2002 Incentive Stock Option Plan." The amendment must be approved by a vote of the holders of a majority of the shares present in person, or represented by proxy, and voted on this item at the Meeting. In the event shareholders approval is not obtained, the Company will not extend the plan's term, but awards may continue to be made under the terms of the plan as currently in effect.

-17-

The purpose of the plan is to provide long-term incentives and rewards to employees of the Company and its affiliates, to assist the Company in attracting and retaining individuals with experience and/or ability on a basis competitive with industry practices and to associate the interest of these individuals with those of the Company's shareholders. The following is a summary of the principal features of the plan.

Description of the Stock Option Plan

The following description of the Stock Option Plan does not purport to be complete and is qualified in its entirety by reference to the full text of the Stock Option Plan, which may be obtained by any stockholder of the Company by contacting Hungarian Telephone and Cable Corp., Attn: Peter T. Noone, Secretary, 32 Center Street, Darien, CT 06820.

Purpose. The purpose of the Stock Option Plan is to provide an incentive to employees of the Company (including directors and officers of the Company), to encourage proprietary interest in the Company, to encourage employees to remain in the employ of the Company and to attract to the Company individuals of experience and ability to serve as employees, directors and consultants.

Shares Subject to the Stock Option Plan. The maximum number of shares

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

of Common Stock as to which options may be granted under the Stock Option Plan (subject to adjustment as described below) presently is 1,250,000 shares. Any shares subject to an option which for any reason expires or terminates unexercised may again be the subject of another option granted under the Stock Option Plan. As of the Record Date, options with respect to 833,490 shares of Common Stock have been granted and are either still outstanding or have been exercised under the Stock Option Plan. The remaining 416,510 shares of Common Stock in the Stock Option Plan are subject to future grants of Options.

Administration. The Stock Option Plan presently is administered by the Compensation Committee of the Board of Directors. The Compensation Committee shall from time to time, at its discretion, make determinations with respect to individuals who shall be granted options (Incentive Stock Options or Non-Qualified Stock Options, which may be referred to collectively as "Options"), the number of shares subject to Options and the designations of such Options as Incentive Stock Options (an option described in Section 422(b) of the Internal Revenue Code of 1986, as amended, and also known as a "Qualified Option") or Non-Statutory Stock Options (an option not described in Section 422(b) or 423(b) of the Internal Revenue Code of 1986, as amended, and also known as a "Non-Qualified Option"). Notwithstanding such designations, to the extent that the aggregate fair market value of the shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any optionee during any calendar year exceeds \$100,000, such Options shall be treated as Non-Qualified Options. The Compensation Committee determines vesting requirements and other conditions of such awards, interprets the Stock Option Plan, and makes all other decisions relating to the operation of the Stock Option Plan. The Compensation Committee has granted the Company's Chief Executive Officer the authority to make a limited amount of annual Option grants at his discretion to employees of the Company.

Eligibility. All key employees, directors (whether or not they are employees of the Company), and consultants (individually, an "Optionee", and together, the "Optionees") of the Company or any of its subsidiaries who perform services of special importance to the management, operation and development of the business of the Company as the Compensation Committee may select presently are

-18-

eligible to receive Options under the Stock Option Plan. As of the April 5, 2002, there were approximately 640 persons in total eligible to participate in the Stock Option Plan including directors (7), executive officers (1) and officers (10).

Option Contracts. Each grant of an Option is evidenced by a written contract between the Company and the Optionee receiving the grant, containing terms and conditions not inconsistent with the Stock Option Plan. Each Optionee shall agree to remain in the employ of, and to render to, the Company his or her services for a period of one (1) year from the date of the granting of any Option, but such agreement shall not impose upon the Company any obligation to retain the Optionee for any period of time.

Terms and Conditions of Options. Options may be granted for terms determined by the Committee; provided, however, that no Option shall be exercisable after the expiration of 10 years from the date of grant; and provided further that the exercise period for an Incentive Stock Option may

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

not exceed 5 years if the option holder owns (or is deemed to own) stock representing more than 10% of the voting power of the Company. In the case of an Incentive Stock Option, the per share exercise price shall be no less than 100% of the fair market value per share on the date of grant, except that, if granted to an employee who, at the time of the grant of such Incentive Stock Option, owns (or is deemed to own) stock representing more than 10% of the voting power of all classes of stock of the Company or any parent or subsidiary, the per share exercise price shall be no less than 110% of the fair market value per share on the date of grant. In the case of a Non-Qualified Option, the per share exercise price may be less than, equal to, or greater than the fair market value per share on the date of grant, as determined by the Compensation Committee.

The consideration to be paid for shares to be issued upon exercise of an Option shall be United States dollars; provided, however, that, with the consent of the Compensation Committee, the purchase price may be paid by the surrender of shares of Common Stock in good form for transfer owned by the person exercising the Option and having a fair market value on the date of exercise equal to the purchase price or in any combination of cash and shares, so long as the total of the cash so paid and the fair market value of the shares surrendered equals the purchase price. No shares shall be issued pursuant to the exercise of an option until full payment therefor has been made.

Options may not be transferred except for limited estate planning purposes (in the case of Non-Qualified Options) and by will or by the laws of descent and distribution, and may be exercised during the Optionee's lifetime only by him or his legal representatives or permitted transferee (in the case of Non-Qualified Options). With respect to an Option granted to an employee, if the employment of such employee is terminated for any reason other than death, the Option may be exercised, to the extent exercisable by the holder at the time of termination of employment, within the earlier of (x) the original expiration date of the Option or (y) three months following termination in the case of a Qualified Option and eighteen months following termination in the case of a Non-Qualified Option (twelve months if termination was due to disability in the case of a Qualified Option). In the case of death of the Optionee while employed or following the termination of employment, his executor or administrator of his estate or permitted transferee may exercise the Option, to the extent exercisable on the date of death, within twelve months of the death (subject to certain restrictions).

-19-

Adjustment in Event of Capital Changes. Subject to any required action by the Company's stockholders, the number of shares covered by the Stock Option Plan, the number of shares covered by each outstanding Option, and the exercise price thereof shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a subdivision or consolidation of the Common Stock, stock split, or the payment of a stock dividend.

Subject to any required action by the Company's stockholders, if the Company shall be the surviving corporation in any merger or consolidation, each outstanding Option shall pertain and apply to the securities to which a holder of the number of shares subject to the Option would have been entitled. A dissolution or liquidation of the Company or a merger or consolidation in which the Company is not the surviving corporation shall cause each outstanding Option to terminate, unless the agreement of merger or consolidation shall otherwise provide; provided that each Optionee shall

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

in such event, if a period of one year from the date of the grant of the Option shall have elapsed, have the right immediately prior to such dissolution or liquidation, or merger or consolidation in which the Company is not the surviving corporation, to exercise the Option in whole or in part, subject to limitations on exercise under the Stock Option Plan.

In the event of a change in the Common Stock as presently constituted, which is limited to a change of all of its authorized shares with par value into the same number of shares with a different par value or without par value, the shares resulting from any such change shall be deemed to be the Common Stock within the meaning of the Stock Option Plan.

To the extent that the foregoing adjustments relate to stock or securities of the Company, such adjustments shall be made by the Compensation Committee, whose determination in that respect shall be final, binding and conclusive.

Duration and Amendments of the Stock Option Plan. Options may be granted pursuant to the Stock Option Plan until the termination of the Stock Option Plan on April 30, 2003. The Board of Directors may at any time, with respect to any shares of Common Stock not yet subject to an outstanding Option and subject to applicable law, suspend, terminate or amend the Stock Option Plan in any respect; provided, however, that, without the approval of the Company's stockholders, no amendment may be made which would (a) increase the number of shares available for grant pursuant to Options (except the anti-dilution adjustments described above), (b) materially increase benefits accruing to participants under the Stock Option Plan or (c) change the eligibility requirements for participating in the Stock Option Plan.

Federal Income Tax Treatment. The following is a general summary of the federal income tax consequences under current tax law of Incentive Stock Options and Non-Qualified Options. It does not purport to cover all of the special rules, including the exercise of an option with previously acquired shares, or the state or local income or other tax consequences inherent in the ownership and exercise of stock options and the ownership and disposition of the underlying shares.

An Optionee will not generally recognize taxable income for federal income tax purposes upon the grant of an Incentive Stock Option or a Non-Qualified Option and the Company obtains no deduction from the grant of such Options.

In the case of an Incentive Stock Option, no taxable income is recognized upon exercise of the Incentive Stock Option and the Company will not be entitled to a tax deduction by reason of such

-20-

exercise; provided that, the holder is still employed by the Company (or terminated employment no longer than three months before the exercise date). Additional exceptions to this exercise timing requirement apply upon the death or disability of the Optionee. If the Optionee disposes of the shares acquired pursuant to the exercise of an Incentive Stock Option more than two years after the date of grant and more than one year after the exercise, the Optionee will recognize long-term capital gain or loss in the amount of the difference between the amount realized on the sale and the exercise price for such shares and the Company will not be entitled to a deduction. Generally, upon a sale or disposition of the shares prior to the foregoing holding requirements (referred to as a "disqualifying

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

disposition"), the Optionee will recognize ordinary compensation income, and the Company will receive a corresponding deduction, equal to the lesser of (i) the excess of the fair market value of the shares on the date of transfer to the Optionee over the exercise price, or (ii) the excess of the amount realized on the disposition over the exercise price. Any remaining gain or loss on the disposition will generally be taxed as a capital gain or loss.

Upon the exercise of a Non-Qualified Option, the amount by which the fair market value of the shares on the date of exercise exceeds the exercise price will generally be taxed to the Optionee as ordinary compensation income. The Company will generally be entitled to a deduction in the same amount provided that it satisfies certain requirements relating to the terms of the Option and makes all required wage withholdings on the compensation element attributable to the exercise. In general, the Optionee's tax basis in the shares acquired by exercising a Non-Qualified Option is equal to the fair market value of such shares on the date of exercise. The holding period for the shares for capital gains purposes will commence on the day the option is exercised. Upon a subsequent sale of any such shares in a taxable transaction, the Optionee will generally realize capital gain or loss in an amount equal to the difference between his or her basis in the shares and the sale price.

In addition to the federal income tax consequences described above, an Optionee may be subject to the alternative minimum tax, which is payable to the extent it exceeds the Optionee's regular tax. For this purpose, upon the exercise of an Incentive Stock Option, the excess of the fair market value of the shares over the exercise price therefor is an adjustment which increases alternative minimum taxable income. In addition, the Optionee's basis in such shares is increased by such amount for purposes of computing the gain or loss on the disposition of the shares for alternative minimum purposes. If an Optionee is required to pay an alternative minimum tax, the amount of such tax which is attributable to deferral preferences (including the incentive stock option adjustment) is allowed as a credit against the Optionee's regular tax liability in subsequent years. To the extent the credit is not used, it is carried forward.

To the extent required by applicable federal, state, local or foreign law, the recipient of any payment or distribution under the Stock Option Plan will make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise by reason of such payment or distribution. The Company will not be required to make such payment or distribution until such obligations are satisfied.

Benefits Under Stock Option Plan

The benefits to be awarded to and received by the employees, directors and consultants of the Company under the Stock Option Plan, as proposed to be amended, in the future are not presently determinable with certainty. The Company does have certain contractual obligations which may require the granting of options in the future. See "Election of Directors - Employment Agreements."

-21-

There would have been no additional benefits received by the employees, directors and consultants of the Company for the last completed fiscal year if the Stock Option Plan, as proposed to be amended, had been in effect. During the fiscal year ended December 31, 2001, stock options were granted to the Company's "named executives" as set forth in the table

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

captioned "Option Grants in Last Fiscal Year" above, which constituted the only options granted under the Stock Option Plan for the fiscal year ended December 31, 2001.

The table below sets forth the number of shares subject to options granted, if any, under the Stock Option Plan from the inception of the Stock Option Plan through April 5, 2002 to: (i) the Named Executives; (ii) each nominee for election as a director; (iii) all current executive officers as a group; (iv) all current directors who are not executive officers as a group; (v) all employees and consultants who are not executive officers, as a group; and (vi) each person who received 5% of such options.

All shares currently subject to Options, as well as any additional shares that may become subject to future Options, under the Stock Option Plan are comprised of authorized but unissued shares of Common Stock. Accordingly, the exercise of any such Options and the issuance of shares pursuant thereto will have the effect of diluting the interests of existing stockholders to the extent of such issuance.

On April 5, 2002, the closing price for the Common Stock as reported by the American Stock Exchange was \$5.20.

Certain Interests of Directors and Officers

In considering the recommendation of the Board of Directors with respect to the extension of the term and renaming the Stock Option Plan, stockholders should be aware that the members of the Board of Directors and officers of the Company have certain interests which may present them with conflicts of interest in connection with such proposal. As discussed above, all current directors and officers of the Company are eligible to participate in the Stock Option Plan.

The Board of Directors recognizes that approval of the proposal to extend the term of the Stock Option Plan may benefit such individual directors and officers of the Company and their successors, but it believes that approval of the extension of the term of the Stock Option Plan will strengthen the Company's ability to continue to attract, motivate and retain certain qualified employees, directors and

consultants. Furthermore, the Board of Directors believes that such approval will advance the interests of the Company and its stockholders by encouraging

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

key employees, directors and consultants to make significant contributions to the long-term success of the Company. The Board of Directors believes that the extension of the term of the Stock Option Plan and the renaming of such plan is in the best interests of the Company and its stockholders, and therefore, unanimously recommends a vote FOR the approval of the proposal to extend the termination date of the plan as amended from April 30, 2003 to April 30, 2008 and rename the plan the "2002 Incentive Stock Option Plan." In considering the foregoing recommendation of the Board of Directors, stockholders should be aware that the current members of the Board of Directors own as of April 5, 2002, in the aggregate, approximately 3.2% of the shares of the Company's issued and outstanding Common Stock, assuming full exercise of options and warrants exercisable by them within 60 days of the Record Date.

The Board of Directors recommends that stockholders vote "FOR" approval of an amendment to the Company's 1992 Incentive Stock Option Plan, as amended, to extend the termination date of the plan as so amended from April 30, 2003 to April 30, 2008 and rename the plan the "2002 Incentive Stock Option Plan."

III. RATIFICATION OF THE APPOINTMENT OF AUDITORS

The Board of Directors, on the recommendation of the Audit Committee, has reappointed the firm of KPMG Hungaria Kft. ("KPMG") as independent auditors of the Company for the fiscal year ending December 31, 2002, subject to the ratification of the appointment by the Company's stockholders. The following summarizes the fees paid to KPMG for services rendered during fiscal 2001.

Audit Fees

KPMG billed the Company approximately \$265,000 in the aggregate for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2001 and the reviews of the Company's quarterly financial statements for the fiscal year ended December 31, 2001.

Financial Information Systems Design and Implementation Fees

KPMG did not perform any services for the Company in connection with any of the Company's information systems, local area networks or the Company's computer hardware or software systems.

All Other Fees

Other than the audit fees described above, KPMG billed the Company approximately \$164,000 in the aggregate for services performed during the fiscal year ended December 31, 2001 relating generally to advice on various U.S. and Hungarian accounting and taxation issues, assistance in the preparation of certain individual Hungarian income tax returns, and tax and accounting assistance with the Company's merger of its Hungarian subsidiaries.

The Audit Committee of the Company's Board of Directors has considered whether the rendering of such non-auditing services by KPMG is compatible with KPMG's independence.

-24-

General

A representative of KPMG Hungaria Kft. is expected to attend the Meeting to respond to appropriate questions and will have an opportunity to make a statement if he or she so desires.

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

The Board of Directors recommends that stockholders vote "FOR" the ratification of the appointment of KPMG Hungaria Kft. as auditors of the Company for the fiscal year ending December 31, 2002.

STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, some stockholder proposals may be eligible for inclusion in the Company's 2003 Proxy Statement for the Company's Annual Meeting of Stockholders to be held in 2003. Any such stockholder proposals must be submitted in writing to the Secretary of the Company no later than December 20, 2002. A shareholder proposal for the Company's 2003 Annual Meeting of Stockholders which is submitted outside the processes of Rule 14a-8 is considered untimely if the Company did not have notice of such proposal at least 45 days before the date on which the Company first mailed its proxy materials for the prior year's annual meeting of stockholders. For the Company's 2003 Annual Meeting of Stockholders, such date is February 25, 2003. Stockholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of applicable securities laws. The submission of a stockholder proposal does not guarantee that it will be included in the Company's Proxy Statement.

OTHER BUSINESS

The Board of Directors is not aware of any matter other than the matters described above to be presented for action at the Meeting. However, if any other proper items of business should come before the Meeting, it is the intention of the person or persons acting under the enclosed form of proxy to vote in accordance with their best judgment on such matters.

-25-

EXPENSES OF SOLICITATION

The Company will pay the expenses of this proxy solicitation. In addition to solicitation by mail, some of the officers and regular employees of the Company may solicit proxies personally or by telephone. The Company will request brokers and other fiduciaries to forward proxy soliciting material to the beneficial owners of shares which are held of record by them, and the Company may reimburse them for certain reasonable out-of-pocket expenses incurred by them in connection therewith.

The limitations established by this Section 6 shall be subject to adjustment upon the occurrence of the events specified and in the manner provided in Section 10 hereof.

7. Terms and Conditions of Options. Options granted pursuant to the

Plan shall be evidenced by written agreements in such form as the Committee shall from time to time determine, which agreements shall comply with and be subject to the following terms and conditions:

(a) Date of Grant. Each option shall specify its effective date (the "date of grant"), which shall be the date specified by the Board or the Committee, as the case may be, in its action relating to the grant of the Option.

(b) Optionee's Agreement. Each Optionee shall agree to remain in the employ of and to render to the Corporation his or her services for a period of one (1) year from the date of the granting of the Option, but such agreement shall not impose upon the Corporation any obligation to retain the Optionee in their employ for any period.

(c) Number of Shares. Each Option shall state the number of Shares to which it pertains and shall provide for the adjustment thereof in accordance with the provisions of Section 10 hereof.

(d) Exercise Price and Consideration.

(i) The per Share exercise price under each Option shall be such price as is determined by the Board, subject to the following:

a) In the case of an Incentive Stock Option

i) granted to an Employee who, at the time of the grant of such Incentive Stock Option, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the fair market value per share on the date of grant.

(ii) The fair market value per Share shall be the average of the daily closing prices for the prior twenty (20) trading days of a share of the Company's Common Stock on the American Stock Exchange, or, if the shares are not listed or admitted to trading on such Exchange, on the principal United States securities exchange or on the NASDAQ/NMS on

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

Securities Dealers, Inc. Automated Quotations System, or any similar system then in use, or if no such quotations are available, the fair market value on such date of a share as the Committee shall determine.

(e) Medium and Time Payment. The Purchase Price shall be payable in full in United States dollars upon the exercise of the Option; provided, however, that, with the consent of the Committee, the Purchase Price may be paid by the surrender of Shares in good form for transfer, owned by the person exercising the option and having a Fair Market Value on the date of exercise equal to the Purchase Price or in any combination of cash and Shares, so long as the total of the cash so paid and the Fair Market Value of the Shares surrendered equals the Purchase Price. No Share shall be issued until full payment therefore has been made.

(f) Term and Exercise of Options; Nontransferability of Options. Each Option shall state the time or times when it becomes exercisable. No option shall be exercisable after the expiration of ten (10) years from the date it is granted. During the lifetime of the Optionee, an Incentive Stock Option shall be exercisable only by the Optionee and shall not be assignable or transferable. In the event of the Optionee's death, no Incentive Stock Option shall be transferable by the Optionee otherwise than by will or the laws of descent and distribution. No Non-Qualified Option granted under the Plan shall be transferable other than by will or the laws of descent or distribution except pursuant to a domestic relations order as defined by the Internal Revenue Code or Title I of the Employee Retirement Income Security Act ("ERISA") or the rules thereunder and except that, with the consent of the Committee acting in its sole discretion, an Optionee may transfer (a "Family Member Transfer") a Non-Qualified Option to (i) a member of the Optionee's immediate family (which for the purposes of the Plan shall have the same meaning as defined in Rule 16a-1 promulgated under the Securities Exchange Act); (ii) a trust (the "Family Trust") the beneficiaries of which consist exclusively of members of the Optionee's immediate family; and (iii) a partnership, limited partnership or other limited liability entity ("Family Entity") the members of which consist exclusively of members of the Optionee's immediate family or a Family Trust; provided that no consideration is paid for the transfer and that each Family Transferee execute an instrument agreeing to be bound by the provisions of the Plan and the restrictions as to the transferability of the Non-Qualified Option. During the lifetime of an Optionee, a Non-Qualified Option shall be exercisable only by the Optionee or his or her Family Transferee. A ("Family Transferee") is a transferee that is a Family Trust, Family Entity or a member of the immediate family of an Optionee.

5

(g) Termination of Employment Except Death. In the event that an Optionee shall cease to be employed by the Corporation for any reason other than his or her death, such Optionee (or permitted Family Transferee in the case of a Non-Qualified Option) shall have the right, subject to the restrictions of Subsection (f) hereof, to exercise the Option at any time within the earlier of (x) the original expiration date of the Option or (y) three (3) months after such termination of employment in the case of an Incentive Stock Option and eighteen (18) months after such termination of employment in the case of a Nonstatutory or Non-Qualified Stock Option, (twelve (12) months if termination was due to Disability in the case of an Incentive Stock Option), to the extent that, on the day preceding the date of termination of employment, the Optionee's right to exercise such Option had accrued pursuant to the terms of the option agreement pursuant to which such Option was granted, and had not previously been exercised.

For this purpose, the employment relationship will be treated as continuing

Edgar Filing: HUNGARIAN TELEPHONE & CABLE CORP - Form DEF 14A

intact while the Optionee is on military leave, sick leave or other bona fide leave of absence (to be determined in the sole discretion of the Committee, in accordance with rules and regulations construing Code section 422(a)(2)). Notwithstanding the foregoing, in the case of an Incentive Stock Option, employment shall not be deemed to continue beyond the ninetieth (90th) day after the Optionee ceased active employment, unless the Optionee's reemployment rights are guaranteed by statute or by contract.

(h) Death of Optionee. If the Optionee shall die while in the employ of the Corporation and shall not have fully exercised the Option, an Option may be exercised in full, subject to the restrictions of Subsection (f) hereof, to the extent it had not previously been exercised, at any time within twelve (12) months after the Optionee's death, by the executors or administrators of his or her estate or by any person or persons who shall have acquired the Option directly from the Optionee by bequest or inheritance or by a permitted Family Transferee (in the case of a Non-Qualified Option).

If the Optionee shall die following the termination of his employment with the Company and such death shall occur prior to the earlier of (x) the original expiration date of the option or (y) three (3) months following the termination of employment in the case of an Incentive Stock Option, and (18) months following the termination of employment in the case of a Nonstatutory or Non-Qualified Stock Option, and such Option shall not have been fully exercised, an Option may be exercised (subject to the limitations on exercisability set forth in Subsection (f) hereof) to the extent that, at the date of termination of employment, the Optionee's right to exercise such Option had accrued pursuant to the terms of the applicable option agreement and had not previously been exercised, at any time within twelve (12) months after the Optionee's death, by the executors or administrators of the Optionee's estate or by any person or persons who shall have acquired the Option

6

directly from the Optionee by bequest or inheritance or by a permitted Family Transferee (in the case of a Non-Qualified Option).

(i) Rights as a Stockholder. An Optionee or a permitted transferee of an Optionee shall have no rights as a stockholder with respect to any Shares covered by his or her Option until the date of the issuance of a stock certificate for such shares. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date such stock certificate is issued, except as provided in Section 10.

(j) Modification, Extension and Renewal of Options. Subject to the terms and conditions and within the limitations of the Plan, the Committee may modify, extend or renew outstanding Options granted under the Plan, or accept the exchange of outstanding Options (to the extent not theretofore exercised and subject to the provisions of paragraph 7(d) above) for the granting of new Options in substitution therefor. Notwithstanding the foregoing, however, no modification of an Option shall, without the consent of the optionee, alter or impair any rights or obligations under any Option theretofore granted under the Plan.

(k) Other Provisions. The option agreements authorized under the Plan shall contain such other provisions not inconsistent with the terms of the Plan, including, without limitation, restrictions upon the exercise of the Option, as the Committee shall deem advisable.

8. Limitation on Annual Awards. -----

General Rule. Each Option shall be designated in the written option agreement as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designations, to the extent that the aggregate fair market value of the Shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any Optionee during any calendar year (under all plans of the Company) exceeds \$100,000, such Options shall be treated as Non-Qualified Stock Options.

9. Term of Plan. Options may be granted pursuant to the Plan until

the termination of the Plan on April 30, 2003.

10. Recapitalization. Subject to any required action by the

stockholders, the number of Shares covered by this Plan as provided in Section 6, the number of Shares covered by each outstanding Option, and the Exercise Price thereof shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a subdivision or consolidation of Shares, stock split, or the payment of a stock dividend.

7

Subject to any required action by the stockholders, if the Corporation shall be the surviving corporation in any merger or consolidation, each outstanding Option shall pertain and apply to the securities to which a holder of the number of Shares subject to the Option would have been entitled. A dissolution or liquidation of the Corporation or a merger or consolidation in which the Corporation is not the surviving corporation shall cause each outstanding Option to terminate, unless the agreement of merger or consolidation shall otherwise provide, provided that each Optionee shall in such event, if a period of one (1) year from the date of the grant of the Option shall have elapsed, have the right immediately prior to such dissolution or liquidation, or merger or consolidation in which the Corporation is not the surviving corporation, to exercise the Option in whole or in part, subject to limitations on exercisability under Section 7(k) hereof.

In the event of a change in the Common Stock as presently constituted, which is limited to a change of all of its authorized shares with par value into the same number of shares with a different par value or without par value, the shares resulting from any such change shall be deemed to be the Common Stock within the meaning of the Plan.

To the extent that the foregoing adjustments related to stock or securities of the Corporation, such adjustments shall be made by the Committee, whose determination in that respect shall be final, binding and conclusive.

Except as hereinbefore expressly provided in this Section 10, the Optionee shall have no rights by reason of any subdivision or consolidation of shares of stock of any class, stock split, or the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class or by reason of any dissolution, liquidation, merger, or consolidation or spin-off of assets or stock of another corporation, and any issue by the Corporation of shares of stock of any class or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to the Option.

The grant of an Option pursuant to the Plan shall not affect in any way the right or power of the Corporation to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

11. Securities Law Requirements. No Shares shall be issued upon the exercise of any Option unless and until the Corporation has determined that: (i) it and the Optionee have taken all actions required to register the Shares under the Securities Act of 1933 or perfect an exemption from the registration requirements thereof; (ii) any applicable listing requirement of any stock exchange on which the Common Stock is listed has been satisfied; and (iii) any other applicable provision of state or Federal Law has been satisfied.

12. Amendment of the Plan. The Board may, insofar as permitted by law, from time to time, with respect to any Shares at the time not subject to Options, suspend or

8

discontinue the Plan or revise or amend it in any respect whatsoever except that, without approval of the stockholders, no such revision or amendment shall:

- (a) Increase the number of Shares issuable pursuant to the Plan; or
- (b) Change the requirements as to eligibility for participation in the Plan.
- (c) Materially increase benefits accruing to participants under the Plan.

13. Application of Funds. The proceeds received by the Corporation from the sale of Common Stock pursuant to the exercise of an Option will be used for general corporate purposes.

14. No Obligation to Exercise Option. The granting of an Option shall impose no obligation upon the Optionee to exercise such Option.
