Item 1.01 Entry into a Material Definitive Agreement.

On May 20, 2005, Advanced Energy Industries, Inc. (the Company) entered into a Loan Modification Agreement with Silicon Valley Bank (the Bank), thereby amending the Loan and Security Agreement dated May 10, 2002 (the Original Agreement) between the Company and the Bank. The Original Agreement provides the Company with a \$25 million revolving line of credit. The Loan Modification Agreement extends the maturity date on such line of credit to July 7, 2005. No amount is currently outstanding under the line of credit, and the Company has not drawn upon such facility since the first quarter of 2001; however, the Company relies upon the credit facility as a principal source of liquidity and to secure letters of credit issued on its behalf from time to time.

The Loan Modification Agreement is intended to ensure that the Company has access to the line of credit while the Company and the Bank negotiate a new credit facility as part of the Company's broader program to refinance its convertible debt. Any advances under the Original Agreement, as amended, will bear interest at the prime rate (6.0% at May 25, 2005) minus 1%.

A copy of the Loan Modification Agreement has been attached to this Current Report on Form 8-K as Exhibit 10.1.

Item 9.01 Financial Statements and Exhibits.
