SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's executive officers, directors and persons who own more than ten percent (10%) of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission (the "Commission"). Executive officers, directors and greater than ten percent (10%) beneficial owners are required by regulation of the Commission to furnish the Company with copies of all Section 16(a) forms so filed.

Based solely upon a review of the Forms 3, 4 and 5 and amendments thereto and certain representations furnished to the Company, the Company believes that, during the fiscal year ended April 29, 2006, its executive officers, directors and greater than ten percent (10%) beneficial owners complied with all applicable filing requirements.

QUORUM AND VOTING PROCEDURE

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. Votes cast by proxy or in person at the Meeting will be tabulated by the inspectors of elections appointed for the Meeting and will be counted in determining whether or not a quorum is present. A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by such proxy are not being voted by such shareholder with respect to a particular matter ("non-voted shares"). This could occur, for example, when a broker is not permitted to vote shares held in "street name" on certain matters in the absence of instructions from the beneficial owner of the shares. Non-voted shares with respect to a particular matter will not be considered shares present and entitled to vote on such matter, although such shares may be considered present and entitled to vote for other purposes and will be counted for purposes of determining the presence of a quorum. Shares voting to abstain as to a particular matter and directions to "withhold authority" to vote for directors will not be considered non-voted shares and will be considered present and entitled to vote with respect to such matter. Non-voted shares and abstentions will have no effect on the matters brought to a vote at the Meeting. As a result of Mr. Caporella's beneficial ownership of approximately 75.9% of the outstanding shares of Common Stock

of the Company, the proposal will be approved by vote of shareholders at the Meeting.

MATTER TO BE CONSIDERED AT ANNUAL MEETING
ELECTION OF DIRECTORS

The Board of Directors is currently comprised of five directors elected in three classes (the Classes), with two Class I directors, two Class II directors and one Class III director. Directors in each class hold office for three-year terms. The terms of the Classes are staggered so that the term of one Class terminates each year. The term of the current Class I directors expires at the 2006 Annual Meeting and when their respective successors have been duly elected and qualified.

The Board of Directors has nominated Joseph G. Caporella and Samuel C. Hathorn, Jr. for election as directors in Class I, each with a term of office of three years expiring at the Annual Meeting of Shareholders to be held in 2009. In order to be elected as a director, a nominee must receive a plurality of affirmative votes cast by the shares present or represented at a duly convened meeting. Shareholders have no right to vote cumulatively.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE NOMINEES FOR THE CLASS I DIRECTORS.

The Board of Directors has concluded that all three members of the Audit Committee are independent as defined in the listing standards for the American Stock Exchange (AMEX). None of such persons has a material business relationship with the Company (either directly or as a partner, shareholder or member of an organization that has a relationship with the Company).

The Nominating Committee recommends to the Board of Directors candidates for election to the Board of Directors. The Nominating Committee considers possible candidates from any sources, including shareholders, for nominees for Directors. In evaluating the qualifications of nominees for the Company's Board of Directors, the Nominating Committee considers a variety of factors, such as education, work experience, knowledge of the Company's industry, membership on the Board of Directors of other corporations and civic involvement. The Nominating Committee will consider any nomination made by any shareholder of the Company in accordance with the procedures set forth in the Company's Restated Certificate of Incorporation. Under the Company's Restated Certificate of Incorporation, any nomination shall generally (i) be made no earlier than sixty and no more than ninety days before the scheduled meeting by notice to the Secretary of the Company, (ii) include certain information relevant to the shareholder and their nominee and (iii) only be made at a meeting called for the purpose of electing directors of the Company. Recommendations, which shall include written materials with respect to the potential candidate, should be sent to Corporate Secretary, National Beverage Corp., P.O. Box 16720, Fort Lauderdale, Florida 33318. All shareholder nominees for director will be considered by the Nominating Committee in the same manner as any other nominee. All recommendations should be accompanied by a complete statement of such person's qualifications (including education, work experience, knowledge of the Company's industry, membership on the Board of Directors of another corporation, and civic activity) and an indication of the person's willingness to serve. The Nominating Committee does not have a charter.

The Company paid approximately \$5.2 million for services rendered by the Management Company for the Fiscal Year 2006. No incentive compensation has been incurred or approved under the management agreement since its inception in fiscal 1992. In addition, no options or other stock-based awards have been granted to Mr. Caporella since the Company's formation in 1985. The Compensation and Stock Option Committee has determined the need to develop a plan to provide the Management Company with incentive compensation to reward its performance.

The Company's compensation structure has been designed to enable the Company to attract, motivate and retain top quality executives by providing a fully competitive and comprehensive package which reflects individual performance as well as annual incentive awards. The awards are payable in cash and are based on the achievement of performance goals established by the Committee, in consultation with the Chief Executive Officer. Consideration is also given to comparable compensation data for persons holding similarly responsible positions at other companies in determining appropriate compensation levels. In addition, long-term, stock-based awards are granted to strengthen the mutuality of interest between the executive and the Company's shareholders and to motivate and reward the achievement of important long-term performance objectives of the Company.

Stock-based awards made under the Company's 1991 Omnibus Incentive Plan typically consist of options to purchase Common Stock which vest over five years and have a term of ten years. Certain key executives of the Company also receive grants from time to time under the Company's Special Stock Option Plan. The vesting schedule and exercise price of these options are tied to the executive's ownership levels of Common Stock and achievement of Company objectives. The Company issues stock awards with long-term vesting schedules to increase the level of the executive's stock ownership by continued employment with the Company.

In addition, long-term incentive compensation is awarded under the National Beverage Corp. Key Employee Equity Partnership Program (the **KEEP** Program). The **KEEP** Program is designed to positively align the interests between the Company's executives and its shareholders beyond traditional option programs while, at the same time, intending to stimulate and reward management in partnering-up with the Company in its quest to create shareholder value. The **KEEP** Program provides for the granting of stock options to key employees, officers and directors of the Company who invest their personal funds in the Common Stock. Participants who purchase shares of the Common Stock in the open market receive grants of stock options equal to 50% of the number of shares purchased up to a maximum of 6,000 shares in any two-year period. Options under the **KEEP** Program are automatically forfeited in case of the sale of shares originally acquired by the participant. The options are granted at an initial exercise price of 60% of the purchase price paid for the shares acquired and reduce to the par value of the Common Stock at the end of the six-year vesting period.

The Company's long-term incentive programs are generally intended to provide rewards to executives only if value is created for shareholders over time and the executive continues in the employ of the Company. The Committee believes that employees should have sufficient holdings of the Company's Common Stock so that their decisions will appropriately foster growth in the value of the Company. The Committee reviews with the Chief Executive Officer the recommended individual awards for those executives, other than the Chief Executive Officer, and evaluates the scope of responsibility, strategic and operational goals of individual contributions in making final awards under the 1991 Omnibus Incentive Plan, the Special Stock Option Plan and determining participants in the **KEEP** Program.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors has furnished the following report:

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Company's management has the primary responsibility for the financial statements and reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited consolidated financial statements included in the Annual Report on Form 10-K for the fiscal year ended April 29, 2006. This review included a discussion of the quality and the acceptability of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee discussed with the Company's independent registered auditors, who are responsible for expressing an opinion on the conformity of the Company's audited consolidated financial statements with generally accepted accounting principles, all matters required to be discussed by Statement on Auditing Standards No. 61.

In addition, the Committee discussed with the independent registered auditors their independence from management and the Company, including the matters in their written disclosures required by the Independence Standards Board Standard No. 1.

The Audit Committee discussed with the Company's Director of Internal Audit and independent registered auditors the overall plans for their respective audits, the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended April 29, 2006 for filing with the Securities and Exchange Commission.

Audit Committee:

Mr. Samuel C. Hathorn, Jr. Chairman

Mr. S. Lee Kling

Mr. Joseph P. Klock, Jr.

INDEPENDENT REGISTERED AUDITORS FEES

The Company retained PricewaterhouseCoopers LLP to audit its consolidated financial statements for Fiscal 2006. Aggregate audit fees for the Fiscal 2006 and Fiscal 2005 audits and the reviews of interim financial statements included in the Company's Form 10-Q were approximately \$226,500 and \$193,500, respectively.

During Fiscal 2006 and 2005, PricewaterhouseCoopers LLP did not bill the Company for any audit related fees, tax consulting or other products or services. The Audit Committee pre-approves all audit and permitted non-audit fees before such service is rendered.

RELATIONSHIP WITH INDEPENDENT REGISTERED AUDITORS

The Company's consolidated financial statements for the fiscal years ended April 29, 2006 and April 30, 2005 have been examined by PricewaterhouseCoopers LLP, independent registered auditors. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Meeting to make a statement if they so desire and they are expected to be available to respond to appropriate questions.

The Company's Board of Directors intends to review the appointment of independent registered auditors during fiscal 2007.

PERFORMANCE GRAPH

The following graph compares the cumulative total shareholder return on the Company's Common Stock for the period from April 28, 2001 through April 29, 2006 with the cumulative total return of the S & P 500 Stock Index and a Company constructed index of peer companies. Included in the Company constructed peer group index are Coca-Cola Enterprises Inc., Coca-Cola Bottling Company Consolidated, Cott Corporation and Pepsi Americas, Inc. The graph assumes that the value of the investment in Common Stock was \$100.00 on April 28, 2001 and that all dividends, if any, were reinvested.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Company is a party to a management agreement with Corporate Management Advisors, Inc., a company owned by Nick A. Caporella. The management agreement originated with the need to employ professionals at the early stages of the Company's development, the cost of which could be shared with others, thus allowing the Company to have a more cost-effective structure.

The management agreement states that the Management Company is to provide to the Company, subject to the direction and supervision of the Board of Directors of the Company, (i) senior corporate functions (including supervision of the Company's financial, legal, executive recruitment, internal audit and management information systems departments) as well as the services of a Chief Executive Officer, and (ii) services in connection with acquisitions, dispositions and financings by the Company, including identifying and profiling acquisition candidates, negotiating and structuring potential transactions and arranging financing for any such transaction. In July 2005, in connection with providing services under the management agreement, the Management Company became a twenty percent joint owner of an aircraft used by the Company. The Management Company receives an annual base fee from the Company equal to one percent of the consolidated net sales of the Company, plus incentive compensation based upon certain factors to be determined by the Compensation and Stock Option Committee of the Board of Directors. The Company has paid approximately \$5.2 million, \$5.0 million and \$5.1 million for services rendered by the Management Company for fiscal year 2006, 2005 and 2004, respectively. No incentive compensation has been incurred or approved under the management agreement since its inception in fiscal year 1992.
