Business

Operating through subsidiaries in the United States, Europe and the Asia-Pacific region, we design, develop, manufacture, market and service 3-D modeling, rapid prototyping and rapid manufacturing systems and related products and materials that enable complex three-dimensional objects, such as detailed prototypes or production-quality parts, to be produced directly from computer data quickly and effectively without a significant investment in expensive tooling, greatly reducing the time and cost required to produce prototypes or customized production parts. Our customers use our proprietary systems to produce physical objects from digital data using commonly available computer-aided design software, often referred to as CAD software, or other digital-media devices such as engineering scanners and MRI or CT medical scanners.

THE OFFERING

On June 19, 2007, we sold 1,250,000 shares of our common stock to the selling stockholders in a private placement transaction. We received \$20,562,500 in net proceeds from the sale after deducting \$1,312,500 in commissions paid to the placement agents for these shares. We issued these shares in reliance on the exemption from registration provided by Regulation D under the Securities Act of 1933. We issued the shares without general solicitation or advertising. The purchasers were a limited number of accredited investors with access to all relevant information necessary to evaluate the investment, and who represented to us that the shares were being acquired for investment for their own account.

Under the terms of the purchase agreements under which these shares were issued and a related registration rights agreement, we agreed to use commercially reasonable efforts to file a registration statement covering the resale of the shares

Table of Contents

within 90 calendar days after June 19, 2007 and to use our reasonable efforts to cause that registration statement to be declared effective. We also agreed to prepare and file any amendments that are necessary to keep the registration statement current and effective for a period ending the earlier of (i) June 19, 2009; (ii) the date on which the selling stockholders may sell the shares covered by this prospectus without restriction by the volume limitations of Rule 144(e) under the Securities Act of 1933; or (iii) such time as all of the shares covered by this prospectus have been sold (A) pursuant to a registration statement, (B) to or through a broker, dealer or underwriter in a public distribution or a public securities transaction, or (C) in a transaction exempt from the registration and prospectus delivery requirements under Section 4(1) of the Securities Act so that all transfer restrictions and restrictive legends, if any, are removed upon the consummation of such sale.

USE OF PROCEEDS

The net proceeds from the disposition of the shares of common stock covered by this prospectus will be received by the selling stockholders or their transferees. We will not receive any proceeds from the disposition of the shares by any of them.

PLAN OF DISTRIBUTION

We are registering the shares offered by this prospectus on behalf of the selling stockholders. The selling stockholders, which as used herein includes donees, pledgees, transferees or other successors-in-interest selling shares of common stock or interests in shares of common stock received after the date of this prospectus from a selling stockholder as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer or otherwise dispose of any or all of their shares of common stock or interests in shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices. To the extent any of the selling stockholders gift, pledge or otherwise transfer the shares offered hereby, such transferees may offer and sell the shares from time to time under this prospectus, provided that this prospectus has been amended under Rule 424(b)(3) or other applicable provision of the Securities Act to include the name of such transferee in the list of selling stockholders under this prospectus.

The selling stockholders may use any one or more of the following methods when disposing of shares or interests therein:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

Table of Contents

block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

short sales;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

a combination of any such methods of sale; and

any other method permitted pursuant to applicable law.

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

In connection with the sale of our common stock or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholders may also sell shares of our common stock short and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling stockholders from the sale of the common stock offered by them will be the price at which they sell the common stock less discounts or commissions, if any. Each of the selling stockholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase by a third party of common stock to be sold by the selling stockholders directly or through agents. We will not receive any of the proceeds from this offering.

The selling stockholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act of 1933, provided that they meet the criteria and conform to the requirements of that rule.

The selling stockholders and any broker-dealers that act in connection with the sale of securities registered pursuant to this prospectus may be deemed to be underwriters within the meaning of Section 2(11) of the Securities Act, and any commissions received by such broker-dealers and any profit on the resale of the securities sold by them while acting as principals may be deemed to be underwriting discounts or commissions under the Securities Act. Each selling stockholder has represented and warranted to the company that it does not have any agreement or understanding, directly or indirectly, with any Person to distribute shares.

To the extent required, the shares of our common stock to be sold, the names of the selling stockholders, the respective purchase prices and public offering prices, the names of any agents, dealers or underwriters, and any applicable commissions

Table of Contents

or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In order to comply with the securities laws of some states, if applicable, the common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

We have advised the selling stockholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and their affiliates. Regulation M's prohibition on purchases may include purchases to cover short positions by the selling stockholders, and a selling stockholder's failure to cover a short position at a lender's request and subsequent purchases by the lender in the open market of shares to cover such short positions, may be deemed to constitute an inducement to buy shares, which is prohibited by Regulation M.

We will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

We have advised the selling stockholders that if a particular offer of shares is to be made on terms constituting a material change from the information described under a final prospectus, then, to the extent required, a supplement to the final prospectus must be distributed setting forth the terms and related information as required.

We have agreed to indemnify the selling stockholders against liabilities, including liabilities under the Securities Act and state securities laws, relating to the registration of the shares offered by this prospectus.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of 60,000,000 shares of common stock, par value \$0.001 per share, and 5,000,000 shares of preferred stock, par value \$0.001 per share.

As of July 31, 2007, we had the following equity securities outstanding:

22,142,123 million shares of common stock;

no shares of preferred stock; and

1,102,225 options to purchase a like number of shares of common stock.

The following description of our capital stock does not purport to be complete and is subject to and qualified by our Certificate of Incorporation, as amended, and by our Amended and Restated By-Laws, and by the applicable provisions of Delaware law.

Common Stock

Our common stock is traded on The Nasdaq Global Market under the symbol TDSC. Holders of our common stock are entitled to one vote for each share on all matters voted upon by our stockholders, including the election of directors, and do not have cumulative voting rights.

Subject to the rights of holders of any then outstanding shares of our preferred stock, our common stockholders are entitled to receive ratably any dividends out of assets legally available therefor as our Board of Directors may from time to time determine. We do not currently pay dividends on our common stock. For a description of our dividend policy, please refer to Item 5, Market for Our Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities in our Annual Report on Form 10-K, as amended by Form 10-K/A, for the year ended December 31, 2006 which has been

incorporated by reference in this prospectus. Holders of our common stock are entitled to share ratably in our net assets upon our dissolution or liquidation, after payment or provision for all liabilities and any pari passu or preferential liquidation rights of our preferred stock then outstanding.

Holders of our common stock have no preemptive rights to purchase shares of our stock. The shares of our common stock are not subject to any redemption provisions and are not convertible into any other shares of our capital stock. All outstanding shares of our common stock are fully paid and nonassessable. The rights, preferences and privileges of holders of our common stock are subject to those of the holders of preferred stock, and will be subject to those of the holders of any shares of our preferred stock we may issue in the future.

Preferred Stock

The Board of Directors may, from time to time, authorize the issuance of one or more classes or series of preferred stock without stockholder approval up to the maximum of 5,000,000 shares of preferred stock that are authorized. Subject to the provisions of our Certificate of Incorporation, as amended, and limitations prescribed by law, the Board of Directors is authorized to adopt resolutions to issue shares, establish the number of shares, change the number of shares constituting any series and provide or change the voting powers, designations, preferences and relative rights, qualifications, limitations or restrictions on shares of our preferred stock, including dividend rights, terms of redemption, conversion rights and liquidation preferences, in each case without any action or vote by the stockholders. We have no current intention to issue any additional series or classes of preferred stock.

Although we have no current intention to take any such action, one of the effects of the Board of Directors' right to designate and issue preferred stock without stockholder approval may be to enable the Board of Directors to discourage an attempt to obtain control of the company by means of a tender offer, proxy contest, merger or otherwise. Further, although we have no current intention to take any such action, the issuance of preferred stock may adversely affect the rights of our common stockholders by, among other things:

restricting dividends on the common stock;

diluting the voting power of the common stock;

impairing the liquidation rights of the common stock; or

delaying or preventing a change in control without further action by the stockholders.

Options

As of July 31, 2007, options covering a total of 1,102,225 shares of common stock were outstanding. Of such amount, options to purchase approximately 34,166 shares remained unvested and were not exercisable as of such date. The remaining stock options become exercisable prior to the end of 2007.

LEGAL MATTERS

The validity of the issuance of the shares of common stock offered hereby will be passed upon for us by Robert M. Grace, Jr., our Vice President, General Counsel and Secretary. As of July 31, 2007, Mr. Grace beneficially owned 40,112 shares of our common stock and also beneficially owned options to purchase an additional 40,000 shares of our common stock.
