NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

In the opinion of the Company, the accompanying unaudited condensed consolidated financial statements prepared in accordance with instructions for Form 10-QSB, include all adjustments (consisting only of normal recurring accruals) which are necessary for a fair presentation of the results for the periods presented. Certain information and footnote disclosures normally included in the financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed consolidated financial statements be read in conjunction with the Company's Annual Report for the year ended December 31, 2006. The balance sheet as of December 31, 2006 was derived from audited financial statements as of that date. The results of operations for the three months ended March 31, 2007 are not necessarily indicative of the results to be expected for the full year.

The condensed consolidated financial statements include the accounts of HMG/Courtland Properties, Inc. (the "Company") and entities in which the Company owns a majority voting interest or controlling financial interest. All material transactions and balances with consolidated and unconsolidated entities have been eliminated in consolidation or as required under the equity method.

2. RECENT ACCOUNTING PRONOUNCEMENT

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities. SFAS No. 159 permits entities to choose to measure eligible financial instruments at fair value. The unrealized gains and losses on items for which the fair value option has been elected should be reported in earnings. The decision to elect the fair value options is determined on an instrument by instrument basis, it should be applied to an entire instrument, and it is irrevocable. Assets and liabilities measured at fair value pursuant to the fair value option should be reported separately in the balance sheet from those instruments measured using another measurement attribute. SFAS No. 159 is effective as of the beginning of the first fiscal year that begins after November 15, 2007. The Company is currently analyzing the potential impact of adoption of SFAS No. 159 to its consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements , ("SFAS 157"). SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. The Company does not anticipate adoption of this standard will have a material impact on its consolidated financial statements.

4. INVESTMENTS IN MARKETABLE SECURITIES

Investments in marketable securities consist primarily of large capital corporate equity and debt securities in varying industries or issued by government agencies with readily determinable fair values. These securities are stated at market value, as determined by the most recent traded price of each security at the balance sheet date. Consistent with the Company's overall current investment objectives and activities its entire marketable securities portfolio is classified as trading.

Net gain from investments in marketable securities for the three months ended March 31, 2007 and 2006 is summarized below:

Description	Three Months Ended March 31,	
	2007	2006
Net realized gain from sales of securities	\$ 65,000	\$ 29,000
Unrealized net gain in trading securities	61,000	107,000
Total net gain from investments in marketable securities	\$ 126,000	\$ 136,000

For the three months ended March 31, 2007 net realized gain from sales of marketable securities of approximately \$65,000 consisted of approximately \$84,000 of gross gains net of \$19,000 of gross losses. For the three months ended March 31, 2006 net realized gain from sales of marketable securities of approximately \$29,000 consisted of approximately \$164,000 of gross gains net of \$135,000 of gross losses.

Investment gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company's net earnings. However, the amount of investment gains or losses on marketable securities for any given period has no predictive value and variations in amount from period to period have no practical analytical value.

5. OTHER INVESTMENTS

As of March 31, 2007, the Company has committed to invest approximately \$13.3 million in other investments primarily in private capital funds, of which approximately \$11.5 million has been funded. The carrying value of other investments (which reflects distributions and valuation adjustments) is approximately \$4.5 million as of March 31, 2007.

During the three months ended March 31, 2007 the Company made follow-on contributions to four existing investments totaling approximately \$287,000. During this same period the Company received approximately \$353,000 in distributions.

HMG/COURTLAND PROPERTIES, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Continued)
(Unaudited)

Net income from other investments for the three months ended March 31, 2007 and 2006, is summarized below:

	2007	2006
High yield distressed debt fund	\$ 24,000	\$ 38,000
Venture capital fund - technology	48,000	51,000
Partnership owning diversified businesses	222,000	-
Partnership owning real estate	35,000	-
Others, net	14,000	-
Income from investment in 49% owned affiliate (T.G.I.F. Texas, Inc.)	34,000	24,000
Total net income from other investments	\$ 377,000	\$ 113,000

During the three months ended March 31, 2007, the Company received cash distributions primarily consisting of a \$222,000 cash distribution from one investment in a partnership in which one of its portfolio companies made a recapitalization distribution in February 2007. This distribution exceeded the carrying amount of the investment and accordingly was recognized as income.

During the three months ended March 2006, the Company received cash distributions from two funds, one from a high yield distressed debt fund the other from a technology venture fund. These distributions exceeded the carrying amount of the investments and accordingly were recognized as income.

6. DERIVATIVE FINANCIAL INSTRUMENTS

The Company is exposed to interest rate risk through its borrowing activities. In order to minimize the effect of changes in interest rates, the Company has entered into an interest rate swap contract under which the Company agrees to pay an amount equal to a specified rate of 7.57% times a notional principal approximating the outstanding loan balance, and to receive in return an amount equal to the one month LIBOR rate plus 2.45% times the same notional amount. The Company designated this interest rate swap contract as a cash flow hedge. As of March 31, 2007 the fair value (net of 50% minority interest) was an unrealized loss of \$32,500 and as of December 31, 2006 the fair value (net of 50% minority interest) of the cash flow hedge was an unrealized loss of \$22,500. These amounts have been recorded as other comprehensive loss and will be reclassified to interest expense over the life of the swap contract.

7. SEGMENT INFORMATION

The Company has three reportable segments: Real estate rentals; Food and Beverage sales; and Other investments and related income. The Real estate and rentals segment primarily includes the leasing of its Grove Isle property, marina dock rentals at both Monty's and Grove Isle marinas, and the leasing of office and retail space at its Monty's property. The Food and Beverage sales segment consists of the Monty's restaurant operation. Lastly, the Other investment and related income segment includes all of the Company's other investments, marketable securities, loans, notes and other receivables and the Grove Isle spa operations which individually do not meet the criteria as a reportable segment.

9. NOTE RECEIVABLE

In July 2004 the Company loaned \$1 million to an entity which owned and operated a restaurant in Key West, Florida. In February 2007, the restaurant was sold and the Company was repaid the \$1 million loan plus accrued and unpaid interest of approximately \$26,000.

10. INCOME TAXES

We adopted the provisions of Financial Accounting Standards Board ("FASB") Interpretation No. 48, "Accounting for Uncertainty in Income Taxes-an interpretation of FASB Statement No. 109" ("FIN 48"), on January 1, 2007. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement 109, "Accounting for Income Taxes", and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

Based on our evaluation, we have concluded that there are no significant uncertain tax positions requiring recognition in our financial statements. Our evaluation was performed for the tax years ended December 31, 2003, 2004, 2005 and 2006, the tax years which remain subject to examination by major tax jurisdictions as of March 31, 2007.

We may from time to time be assessed interest or penalties by major tax jurisdictions, although any such assessments historically have been minimal and immaterial to our financial results. In the event we have received an assessment for interest and/or penalties, it has been classified in the financial statements as selling, general and administrative expense.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

RESULTS OF OPERATIONS

The Company reported net income of approximately \$222,000 (or \$.22 per basic share and \$.21 per diluted share) for the three months ended March 31, 2007. This is as compared with a net loss of approximately \$75,000 (or \$.07 per share) for the three months ended March 31, 2006.

As discussed further below, total revenues for the three months ended March 31, 2007 as compared with the same period in 2006, increased by approximately \$409,000 or 13%. Total expenses for the three months ended March 31, 2007, as compared with the same period in 2006, increased by approximately \$89,000 or 3%.

REVENUES

Rentals and related revenues for the three months ended March 31, 2007 as compared with the same period in 2006 increased by \$49,000 (14%). Approximately \$30,000 of the increase was due to increased rental revenue from the Grove Isle property as a result of inflation adjustments as provided in the lease. The remaining increase was the result of increase rental revenue from the Monty's retail space.

Restaurant operations:

A summarized statement of income for the Company's Monty's restaurant for the three months ended March 31, 2007 and 2006 is presented below:

Restaurant sales were consistent with last year as favorable weather conditions were experienced during the three months ended March 31, 2007 much like during the same period in 2006. Cost of sales improved over last year primarily due to decreased cost of beverages due to less beer spoilage. Insurance expense increased in 2007 by almost 50% over 2006 as a result of general insurance premium increases being experienced by across the board in South Florida.

This decrease was partially offset by increased insurance expense of the Monty's retail mall of approximately \$28,000.
