BOARD AUDIT COMMITTEE REPORT

Under the guidance of a written charter adopted by the Board of Directors, the Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board of Directors. A copy of the charter is included in Appendix A to this proxy statement.

Edgar Filing: STRATESEC INC - Form DEF 14A

Management has the primary responsibility for the system of internal controls and the financial reporting process. The independent auditors have the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. The Audit Committee has the responsibility to monitor and oversee these processes.

In fulfilling its responsibilities, the Audit Committee recommended to the Board the selection of the Company's independent auditors, Argy, Wiltse & Robinson, LLP. That firm has discussed with the Committee and provided written disclosures on (1) that firm's independence as required by the Independence Standards Board and (2) the matters required to be communicated under generally accepted auditing standards.

The Committee reviewed with the independent auditors, and without management present, the overall scope and specific plans for the respective audits as well as the results of their examinations, their evaluation of the Company's internal controls, and the overall quality, not just the acceptability, of STRATESEC's accounting and financial reporting.

Following these actions, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission. On May 24, 2002, Argy, Wiltse & Robinson ("Argy, Wiltse") resigned as the Company's independent auditors because the firm had determined to resign from all of its engagements as auditor of public companies. The Audit Committee subsequently recommended the selection of Reznick Fedder & Silverman, LLP as the Company's independent auditors for 2002.

Auditor Fees.

The fees billed to the Company by Argy, Wiltse & Robinson, LLP for fiscal year 2001 were as follows:

-10-

Audit Fees. Argy, Wiltse & Robinson's fee for its audit of the Company's annual financial statements and its review of the Company's quarterly financial statements was \$66,906.

Financial Information Systems Design and Implementation Fees. Argy, Wiltse & Robinson did not provide any financial information systems design and implementation services to the Company during 2001 and thus billed no fees for such services.

As the members of the Audit Committee, both Messrs. Abrahamson and Archer are considered "Independent" for purposes of the American Stock Exchange listing standards.

LT. GEN. JAMES A. ABRAHAMSON

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") is composed of Lt. General James A. Abrahamson. He is an independent outside director. The Committee is charged with the responsibility for reviewing the

Edgar Filing: STRATESEC INC - Form DEF 14A

performance and approving the compensation of key executives and for establishing general compensation policies and standards for reviewing management performance. The Committee also reviews both corporate and key executive performance in light of established criteria and goals and approves individual key executive compensation.

Compensation Philosophy

The executive compensation philosophy of the Company is to provide competitive levels of compensation that advance the Company's annual and long-term performance objectives, reward corporate performance, and assist the Company in attracting, retaining and motivating highly qualified executives. The framework for the Committee's executive compensation programs is to establish base salaries which are competitive to similarly sized companies and to create incentives for excellent performance by providing executives with the opportunity to earn additional remuneration linked to the Company's profitability. The incentive plan goals are designed to improve the effectiveness and enhance the efficiency of Company operations and to create value for stockholders. It is also the Company's policy to encourage share ownership by executive officers and non-employee directors through the grant of stock options.

-11-

Components of Compensation

The compensation package of the Company's executive officers consists of base annual salary, participation in the Company's 401(k) plan and stock option grants.

At executive levels, base salaries are reviewed but not necessarily increased annually. Base salaries are fixed at levels slightly below competitive amounts paid to individuals with comparable qualifications, experience and responsibilities engaged in similar businesses as the Company, based on the experience of the Committee members, directors and employees of the Company within the security systems industry.

The Company offers a 401(k) pre-tax employee savings plan to all eligible employees. Employees may contribute 1% to 15% of pre-tax earnings up to a maximum of \$8,899. The Company contributes 25% of the first 5% of an employee's contributed earnings or a maximum of 1.25% of an employee's total earnings.

The Company uses stock options both to reward past performance and to motivate future performance, especially long-term performance. The Committee believes that through the use of stock options, executive interests are directly tied to enhancing shareholder value. Stock options are granted at fair market value as of the date of grant and generally have a term of three years. The options vest 33% per year, beginning on the first anniversary date of the grant. The stock options provide value to the recipients only when the market price of the Company's Common Stock increases above the option grant price and only as the shares vest and become exercisable.

Section 162(m) of the Internal Revenue Code, which provides for a \$1,000,000 limit on the deductibility of compensation, presently is not applicable to the Company. The Committee will review its policy with respect to Section 162(m) when and if the section is applicable in the future.

Compensation of Chief Executive Officer

Edgar Filing: STRATESEC INC - Form DEF 14A

The Committee makes decisions regarding the compensation of the Chief Executive Officer using the same philosophy set forth above. The Committee's approach in setting the Chief Executive Officer's compensation, as with that of the Company's other executives, is to be competitive with other companies within the industry, taking into consideration company size, operating conditions and compensation philosophy and performance. Wirt D. Walker, III served as the Chief Executive Officer from January 1999 until January 2002, when Barry McDaniel was appointed to the position.

COMPENSATION COMMITTEE

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and holders of more than ten percent of the Company's Common Stock to file reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. The Company believes that during the fiscal year ended December 31, 2001, its officers, directors and holders of more than 10% of the Company's Common Stock complied with all Section 16(a) filing requirements.

-13

PERFORMANCE GRAPH

The Securities and Exchange Commission requires that the Company include in this Proxy Statement a line-graph presentation comparing cumulative, five-year shareholder returns on an indexed basis with (i) a broad equity market index and (ii) either an industry index or peer group. An initial public offering of the Company's stock occurred on October 2, 1997. The following graph compares the percentage change in the cumulative total stockholder return on the Company's Common Stock against the cumulative total return of the AMEX Market Value Index and the Russell 2000 from October 2, 1997 through December 31, 2001. Total return for the purpose of this graph assumes reinvestment of all dividends, if any. The stock price performance shown on the graph is not necessarily indicative of future price performance.
